SUBJECT.

Loans

Requesting the sanction of Government for charging interest at 3 p.c on a loan granted under the special Well Rules and which is recommended by the Collector to be converted into one under the ordinary rules of the Land Improvement Act.

Order

I cannot understand the difficulty, or see how the Board the Comm. & the Sec. can be so certain that field 428 is not by mistake added to the well, because it is not irrigated by the well. In applying for the loan the applicants stated that 425 & 428 were proposed as against for the well. The loan was granted on the condition that the whole of the land so specified was hypothecated as security (page 188 B.D. No. 0's) and 425 is worth Rs 130. Field 428 Rs 110. Both together Rs 240. Considering how his estimate was framed, it seems some but it will be pretty safe to estimate the value at Rs 250. This will be enough

Dated 25th February 1898.

No. 1358 M.S.

READ. The following letter from the Collector of Kurnool, R.C. No: 1615 dated 7th February 1898: — Sent.

I have the honor to submit the following loans case with connected records for orders.

2. A loan of Rs. 500 was taken under Special Well rules by (1) Sridhara Venkataramayya (2) Dadekula Mallabbi (3) Dadekula Varasigadu and (4) Dadekula Emami of Medapi, Markapur Taluk, for sinking a well in field No: 425 of that Village proposing fields Nos: 425 and 428 as the agent in it.

3. The borrowers have completed well. It is now finished.

that the well can irrigate only field No: 425 measuring 5.29 acres but not both the fields as originally proposed. The value of the land now fixed as the agent is estimated at about Rs 130, which is less than half the amount of loan granted & accordingly only a loan of Rs 160 is admissible. The borrowers are not willing either to refund the difference or to offer an additional security for the conversion of the loan into one under Ordinary rules. The only course now left is to recover the amount summarily, which I think will be very hard upon the borrowers. But one of the borrowers Sridharasam Venkatasamayya says that he would offer as security the marginally noted fields valued at Rs 466 in addition to that originally offered (Rs 357-8-0) provided the loan is converted

repayable in 20 instalments at a reduced rate of interest and that the other borrowers transfer their interest in fields Nos: 423, 425 and 428 to his name.

4. The Deputy Collector of Cumbum recommends that as the other borrowers have consented to transfer the above fields in the name of Sridhara Venkatasamayya and presented a transfer application accordingly, the loan may be converted into one under ordinary rules repayable in 20 annual instalments at a reduced rate of interest as the entire security is $1\frac{1}{4}$ times the loan advanced and as a substantial well was constructed at a cost of Rs 529-4-0 or Rs 29-4-0 more than the amount advanced.

5. Under these circumstances I request that the Board will be

be pleased to obtain the sanction of Government for the conversion of the loan, as recommended by the Deputy Collector, at 3 per cent interest, which is the rate at which the loan was originally granted.

Resolution

Submitted for the orders of Government.

2. As the borrowers are reported to have spent Rs 529-4-0 or Rs 29-4-0 more than the amount of the loan, on the construction of the well, the Board concurs with the Collector in thinking that it would be hard to order summary recovery of the loan; and it accordingly supports the recommendation of the local officers that the loan be converted into one under the ordinary rules on the conditions mentioned by the deputy collector. The

Sanction of Government is requested for charging interest at 3 per cent in the case.

willing to refund the difference Rs 240.
(Rs. 500-260) or to offer an
additional security for
the conversion of the loan
into one under ordinary
rules. The Board of Revenue
and the Collector are of
recommendation that the amount
should not be recovered
ultimately from the
borrowers, inasmuch as
they spent Rs 29-4-0 or
Rs 29-4-0 more than the
amount of the loan on the
construction of the well.
None of the borrowers, ^{Bridheram/Vakataranayya,}
however, is willing to give
additional security (1 1/4
times the loan advanced)
provided that the loan is
converted into one under
ordinary rules, repayable
in 20 instalments at a
reduced rate of interest,
and that the other borrowers
transfer their interest in
certain fields to him.
The Collector
reports that the other
borrowers have

to transfer the fields just
mentioned to ^{Bridheram/Vakataranayya}
and requests the sanction
of Govt. for the conversion
of the loan at 3 per cent

at which the loan was
originally granted. The
Board supports the Collector's
proposal. It is submitted
that the Board's recom-
mendation may be
accepted and sanction
granted for charging
interest at 3 per cent in
the case.
