INSTRUCTIONS.

With the cognizance of the head of his office, or if he is himself the head of the office, of the head of his department: the applicant must present himself with 3 copies of the statement of his case in a cover sealed by his medical attendant at the seat of the Government under which he is serving, or at such other place as may be appointed by that Government where a committee of medical officers can be assembled under the orders of the Surgeon-General. The board should see that the applicant fulfils these conditions.

Before deciding whether to grant or refuse the certificate the medical board may in a doubtful case, detain an applicant under professional observation during a period not exceeding fourteen days.

If it can be avoided, the medical attendant in a case should not be a member of the board which considers it, and under no circumstances can he sit as president. He should, however be required to attend the board to furnish any information whenever his presence is considered necessary.

The medical board, after a careful examination of the officer, and consideration of the medical attendant's statement of the case, will record in the proceedings as follows:—

- Whether change of climate in or out of India is necessary.
- The period of absence recommended in or out of India, care being taken that leave in excess of the period to which the sick officer is entitled by regulations is not recommended.
- In the case of an officer requiring furlough or leave of absence owing to illness caused directly by intemperance, the medical board, whilst recording their opinion, will confine their recommendation to the officer appearing periodically before fresh boards, or to the treatment of the case as one of discipline, whichever may be deemed necessary.

In urgent cases when a medical board considers it absolutely necessary that an officer recommended for change of air, either in or out of India, should proceed in anticipation of sanction, a recommendation to that effect should be made in the proceedings.

the 21st March to 16th April 1898, both days inclusive, may be granted under Article 344(a) of the Civil Service Regulations to Mr C. Benson, Deputy Director of Land Records and Agriculture. Mr Benson ~~was~~ went home on one year's furlough granted to him in Government Order No. 1331 his Revenue dated 9 March 97 under Article 340(a) of the Civil Service Regulations. While returning at the end of his leave, he had an attack of influenza on board the steamer. He landed at Bombay on the 11th March and arrived in Madras on the 18th idem. On the same day, he had another and a severe attack of influenza, complicated with pneumonia.

of both lungs, which rendered him unfit for duty, as will be seen from the certificate of the Surgeon of the 4th District submitted herewith. He was discharged from the General Hospital on the morning of the 16th ultimo and took charge of his appointment on the forenoon of Monday, the 18th idem. The medical certificate required by Article 344(a) of the Civil Service Regulations is also submitted herewith.
