RESOLUTION—No. 120, dated 15th April 1898.

In reply to G.O., No. 3601, Revenue, dated 14th July 1897, the Board begs to report that on enquiry it finds that some of the ganja grown in the Agency tracts of the Ganjám, Vizagapatam and Gódávárí districts has been imported in previous years into the regulation tracts and that there is reason to believe that the practice will continue if it is not prohibited. The Board therefore proposes to prohibit it by a notification.

2. The Deputy Commissioner, Northern Division, will be instructed to impress on the Inspectors of circles bordering the Agency tracts and the Hyderabad territory, the necessity for activity in the prevention of smuggling of ganja and bhang. As he reports that he will be able to provide a sufficient force for the prevention of smuggling by transfers from other parts of his Division he will be instructed to make such transfers as occasion arises reporting his action in each case for the approval of the Board. He may also, as he proposes, instruct Assistant Commissioners to promise liberal rewards for the detection of ganja smuggling.

3. A copy of these Proceedings will be communicated to the Deputy Commissioners, Central and Southern Divisions, with the remark that from cases that have come recently before it the Board sees reason to believe that sufficient attention is not being paid to this important matter and that similar instructions to the above should be issued by them if this has not already been done.
