For orders.

The Board of Revenue submits 2 applications for the grant of mica mining leases in Nellore:-
(1) for 4.45 acres, to Mahomed Khurshan Hussain Sahib of Nellore, for 5 years;
(2) for a block of 120 acres, to A. Subba Vayyadu of Sudukunte, for 30 years.
As regards item (1) there is no objection, and the lease may, it is submitted, be sanctioned.
With regard to item no 2, however, the Collector has excluded from the block applied for, 21.31 acres on account of a road and a tank-bed and he proposes to ~~give~~ assign the remaining portion namely:- 96.13 acres in one large bit and 2.56 acres in two small bits, all close to one another.

As

(please see Sketch Submitted by the BD.)

the grant of all the three bits, would contravene the provisions of rule 18 of the Mining rules, it is for consideration whether the applicant may not be given the large bit alone containing 96.13 acres.

As in the file above, Inv submit that the intersection of a path or tramline is not sufficient to make a block, two or more blocks for the purpose of Rule 18. As long as the whole available area within the said boundaries is taken & does not exceed ½ sq mile, the application is seen admissible.

the intersection of the road does not matter. If outside ~~excluded~~ under para 1 of Part III of the model rules ~~the~~ operations on the road will be barred, as well as on the land within a certain distance of the road which the Min. of Bs may fix; the said distance being declared by Pt under the rule or specifically by a clause in the lease. The limit of the block on the tank side may be drawn so as to exclude altogether the tramline & the land 350 links therefrom.
