Proceedings of the Board of Revenue
(Revenue Settlement, Land Records and Agriculture),

Dated 5 May 1898.

No. 2992 *Mis*

READ the following letter from the
Collector of Bellary District
No. 1763, dated 17 April 1898.

With reference to para
2 of Board's Proceedings No
10178 *Mis*, dated 28 December
1897, and in continuation of
my telegram of the 22nd instant
noted on the margin, I have the
honour to state that
of the sixteen villages,
about which anxiety
was expressed in
this office letter No.
7866, dated 17 December 97,
disposed of in the Board's Pro-
ceedings quoted above, ten
villages have had a fair crop
and need no special treatment,
and

"Dry remissions considered
unnecessary. Am recommending
Suspension revenue in six
villages; Hospet Taluk"

and that the remaining six have suffered to a considerable extent and deserve some concession.

2. From the enclosed statement it will be seen that in these letters the mungari outturn was inappreciable (though what there was, was over six annas) and the hingari outturn was either nil, or two annas and below. As this year is not one of general scarcity, I do not consider that dry remissions are called for, but as the ryots cannot without hardship pay the assessment at present, I recommend that the collection of the Revenue amounting to Rs 1799 may be suspended till next year.

Resolution

Submitted for the orders of Government. The Board supports the Collector's recommendation that in
Six

six villages of the Hospet taluk the collection of dry assessment may be suspended until next Fasal.

FOR ORDERS.

Please see para 2 of B. P. No. $\frac{37}{5-1-98}$. The Collector has already ~~reported~~ ^{telegraphed} to the Board that no dry remissions are necessary. He, however, says that of the sixteen villages of the Hospet taluk (referred to in that para) six have suffered to a considerable extent and deserve some concession, and recommends that the collection of the dry assessment in these villages be postponed until the next fasli.
