ABSTRACT.—Recording, with remarks, letter from the Government of India on the subject of the reductions in the budget estimates of 1898–99 for the heads "5. and 7. Salt and Excise" and "11. Forests" and of the omission from the estimates of provision for the improvement of the position of taluk gumastas and for additional Munsifs' Courts.

READ—also the following paper:—

From J. F. FINLAY, Esq., Secretary to the Government of India, Finance and Commerce Department (Accounts and Finance—Estimates and Accounts), to the Chief Secretary to the Government of Madras, dated Calcutta, 28th March 1898, No. 1475-A.

I am directed to acknowledge the receipt of the estimates of revenue and Expenditure of the Madras Presidency for the year 1898–99.

2. It will be seen from the accompanying statement that the local estimates of revenue have been accepted in all cases except for the heads "IV.—Stamps" and "V.—Excise." Under the former head the same figure has been taken in the Budget

estimate of 1898–99 as in the revised estimate for the current year and a reduction of Rs. 3,00,000 has been made under the latter head as it is not considered safe to estimate for so large an increase as was proposed in the revenue as compared with the probable actuals of the year about to close.

3. As regards the estimates of expenditure, the alterations made are—

(1) an increase of Rs. 49,000 in the provision for the combined establishment of Salt and Excise departments;

(2) a reduction of Rs. 75,000 by omission of the estimated cost of improvement in the position of taluk gumastas; and

(3) omission of the provision of Rs. 15,000 required for temporary Munsifs' Courts.

These alterations have already been explained in my letter No. 1182 of 11th March 1898, and require no further notice in the present letter.

4. Separate orders will issue from this department regarding the estimates under "IX and 11.—Forest," and the Public Works Department will communicate in usual course the reasons for the adoption of the estimates under the Public Works heads. The figure under the head "13.—Interest" has been explained in this department's Resolution No. 1275-A., dated 15th March 1898.

5. The usual memorandum showing how the Provincial share of Land Revenue has been calculated is annexed. In this calculation, a sum of Rs. 16,46,000 has been taken to be the fixed amount of the Provincial share of Land Revenue as advised in my letter No. 710-A., dated the 10th February 1898. A special assignment of Rupees 1,02,000 to the Provincial revenues has also been included to admit of special purchases of cinchona bark in 1898–99 on the condition that an opposite transfer from Provincial to Imperial will be made in the accounts of 1899–1900.
