Sanctioning the proposal of the Collector of Madura to sub-divide the village of Valandar in the Tirumangalam taluk into two main —.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Reference from the Board of Revenue (Land Revenue), No. 385, dated 1st April 1898:—

Read—the following letter from J. G. D. PARTRIDGE, Esq., Acting Collector of Madura, dated Camp, Madura, 14th March 1898, Ref. on C. No. 3422—
Genl.:—

I have the honour to state that Valandur, a village in the Tirumangalam taluk, consists of twelve hamlets, as noted in the margin. There are 1,698 survey numbers, and the total area of the village is 4,544.37 acres, the beriz of fasli 1306 being Rs. 6,559-10-0. The village is 7

miles in diameter, and the collection of revenue is reported to be always difficult. The work of the karnam is also reported to be very heavy, and the Deputy Collector, Madura Division, requests that the village may be split up into two parts. He is of opinion that it ought to have been split up at the revenue settlement and says that the appointment of an assistant karnam for the village will be of no use. It is,

therefore, proposed to sub-divide it into two main villages, as noted in the margin, with kasba stations at Valandur and Ariyapatti, the areas of these being 2,574.43 acres and 1,969.94 acres, of which the extent of wet lands are 337.77 acres and 273.26 acres, and the beriz Rs. 3,659-12-0 and Rs. 2,899-14-0, respectively. The following is a comparative statement showing the present scale of establishment for the village and the scales proposed for the two groups:—

Total ..	2	14	2	12	3	12	4	16	2	8	13	62

The scale of pay for all the officers, except the talayari, has been proposed with reference to the scale fixed at revision. As the population of each of the proposed groups is not separately ascertainable, it is not possible to fix the number of talayaris with reference to the scale adopted for this district at the time of the revision of the village establishment. The total population is 4,371, and the Deputy Collector

proposes one talayari for the Ariyapatti group, retaining the two existing talayaris for the proposed Valandur group. The total annual cost of the proposed establishment amounts to Rs. 744, or Rs. 276 in excess of the cost of the existing establishment. The excess is small and may be met from the general savings in the Village Service Fund. I have the honour, therefore, to request that you will be so good as to obtain the Board's sanction for the proposed sub-division. Proposition statement for the increase of establishment is also submitted.
