then north-east to the easternmost point of survey No. 309; then north-west to the south-east corner of survey No. 308; then west for about half a furlong to a cairn; then south to the northernmost point of survey No. 300; then its west side to its next angle; then south-west to a cairn two and a half chains north of its south-west corner; then west to the easternmost point of survey No. 278; then north to the south-east corner of survey No. 317; then north by east to a cairn one chain south of the south-east corner of survey No. 319; then north for four and one-fourth chains to a cairn; then north-west to a cairn two chains south-east of the south-east corner of survey No. 320; then north-east to its north-east corner; then on to the southernmost point of survey No. 322; then its east side and that of survey No. 323, south side of survey No. 326, to its south-east corner; then to its north-east corner; then north-west for about half a furlong to a cairn; then north-east to the south-west corner of survey No. 343; then No. 341; then its south side to its south-east corner; then the northern boundary of Sanankuppam to the boundary stone west of the north-west corner of survey No. 341; then south-west to a cairn about three-fourth furlong south-east of the north-east corner of survey No. 331; then north-west to the north-east corner of survey No. 335, all of Sanankuppam; then west to its north-west corner; then on to the boundary stone at the south-east corner of survey No. 678 of Ambur; then its east side to its north-east corner; then north-east for about two furlongs along the village boundary of Ambur to where it turns southwards; then north to a cairn two chains south-east of the south-west corner of survey No. 564; then east to the south-east corner of survey No. 561; No. 563; then its east side to the next angle; then north-east of the south-east corner of survey No. 559; then north by east to a cairn one and three-fourth chains north-east of the south-east corner of survey No. 551; then north-east to the north-east corner of survey No. 549; then north-east to the second angle on the east side of survey No. 546, north of its south-east corner; then on to another angle on its east side south of its north-east corner; then its east side to the said corner; then north-west to a cairn one and a half chains south of the south-west corner of survey No. 537; then north-east to a cairn three chains south of its north-east corner; then north to the said corner; then west to its north-west corner; then north-west to a cairn three and a half chains north-east of the north-east corner of survey No. 532; then on to the north-east corner of survey No. 529; then its north side for two and a half chains to a cairn; then north-west to the north-east corner of survey No. 527; then west for four chains to a cairn; then north-west to the north-east corner of survey No. 459; then the east sides of survey Nos. 453 and 457 to the north-east corner of the latter, all of Ambur; and then north-east to the starting point.

REMARKS.—I. Right of way over the under-mentioned foot-paths is admitted. Nos. 1 to 6 will be for men and laden or ploughing cattle each to a width not exceeding three yards and No. 7 for men only to a width of three feet:—

- (1) Foot-path from Periyankuppam to Panamkatteri. It enters the reserve at the easternmost point of survey No. 286 of Periyankuppam, runs south-east and south for about one and three-fourth miles and meets the path already admitted in Ambur reserved forest No. 71. ✓✓
- (2) Foot-path from Sanankuppam to Asanampattu. It enters the reserve at the north-east corner of survey No. 281 of Sanankuppam, runs east by south for about six furlongs and meets the Ambur-Asanampattu path already admitted in Ambur reserved forest No. 71 at the spot called Anaimadugu kanar (stream). ✓✓✓
- (3) Foot-path from Ambur to Sikkijonai in Ambur reserved forest No. 71. It enters the reserve about two furlongs north-east of the easternmost point of survey No. 678 of Ambur, runs south-east and east for about one mile and meets the path already admitted in Ambur reserved forest No. 71. ✓✓✓
- (4) Foot-path from Kommeswaram, hamlet of Vadapudupattu, to the patta lands in survey Nos. 232 to 236 of Vadapudupattu. It enters the reserve at the south-east corner of survey No. 32 of Vadapudupattu, runs south for about two furlongs and meets the path already admitted in Ambur reserved forest No. 71. ✓✓
- (5) Foot-path from Kommeswaram, hamlet of Vadapudupattu, to the patta lands in survey Nos. 227 to 231 and 237 of Vadapudupattu. It enters the reserve about one-fourth of a furlong south-west of the easternmost point of survey No. 13 of Vadapudupattu, runs south-east for about four furlongs and meets the path already admitted in Ambur reserved forest No. 71. ✓✓
- (6) Foot-path from Kilmurungai to the patta lands in survey Nos. 117 to 119 and 228 of Kilmurungai, which are admitted as enclosures in Ambur reserved forest No. 71. It enters the reserve in survey No. 102 of Kilmurungai about two chains south-west of its easternmost point, runs south-east for about one mile and meets the path already admitted in Ambur reserved forest No. 71. ✓✓
- (7) Foot-path from Palur to Arimulai. It enters the reserve about half a furlong west of the south-west corner of survey No. 69 of Palur, runs south-west and south-east for about four miles and quits it about one-fourth of a furlong east of the northernmost point of survey No. 124 of Nadumpaliyam. ✓✓

II. Right of way for men only to a width of three feet over the path from Kilmurungai to the shrine of Malai Perumalkoil situated about a furlong south of survey No. 102 of Kilmurungai and right to same is admitted. The shrine with a vacant space, square in shape, of twenty-two yards on each side of it for the use of the worshippers, will be demarcated out free from reservation and be retained as an enclosure. The path enters the reserve about half a furlong east of the south-west corner of survey No. 102 of Kilmurungai and runs south-east for about a furlong to the shrine.

III. Right on behalf of the Hindu community to light lamps in the following places and right of way to them for men only to a width of three feet each is admitted:—

Names of places.	Days of Lighting the lamps.	Access.
(1) On Pappathiyam-mankallu.	On Krithika day of Karthigai month (November and December).	The path enters the reserve about one hundred yards north of the south-east corner of survey No. 171 of Vadapudupattu and runs east for about one and one-fourth furlongs to the spot. ✓✓
(2) On Pandirajukallu.	On Krithika day of Karthigai month (November and December).	The path enters the reserve about half a furlong east of the south-west corner of survey No. 204 of Vadapudupattu and runs south for about a furlong to the spot. ✓✓
(3) On the summit of Sanniyasimalai.	On the four Saturdays of Purattasi (September and October) and on Krithika day of Karthigai month (November and December).	The path enters the reserve in survey No. 662 of Agaram and runs north for about one and a half miles to the spot. ✓✓

REVENUE DEPARTMENT.

1898.

Board of Revenue

(Land Revenue),

MADRAS.

Printed March th.

Proceedings, Forest No. 93, 8th March 1898.

MARCH.

Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 16 of the Madras Forest Act for the constitution of the Sanankuppam block in the Vellore taluk, North Arcot district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE (LAND REVENUE).

Read—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 390, dated 17th March 1896 :—

Read—the following letter from the Collector of North Arcot, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated Vellore, 28th September 1895, Bd.'s Cur. No. 61-F. :—

I have the honour to enclose, in original, letter No. 311, dated 12th July last, received from the Forest Settlement-officer containing his final report of the settlement of block No. 117, Sanankuppam, in Vellore taluk, and request that Government may be moved to issue the notification under section 16 of the Forest Act, draft of which is enclosed in respect of this block.

2. The statement of area and condition as required by Government Order, No. 640, dated 4th July 1887, is herein enclosed.

ENCLOSURE No. 1.

From W. C. McMURRAY, Esq., Forest Settlement-officer, North Arcot District, to the Collector of North Arcot, dated Vellore, 12th July 1895, No. 311.

I have the honour to report the conclusion of the settlement of the proposed Sanankuppam reserved forest block No. 117 in the Vellore taluk of your district.

2. The notification under section 4 proposing to constitute this area into a reserved forest appeared in the *Fort St. George Gazette*, dated 3rd October 1893, and the proclamation under section 6 was published in the *District Gazette*, dated 24th January 1894.

3. The block was perambulated, inspected in January and February 1894 and enquired into by me between January and July 1894. Twenty-three claims were in all filed for the following rights :—

- (i) Nine claims (two relating to same right) were to rights of way over certain paths.
- (ii) Three claims were to right to a shrine and right to light lamps.
- (iii) Ten claims were to Government patta and inam rights over 126.98 acres of land.
- (iv) One claim was to proprietary rights. The claims involved in items (i) to (iii) were admitted and that in item (iv) was rejected.

The last claim was disposed of on 12th September 1894 and the appeal time expired on 12th October 1894, without any appeal being filed; but the final report could not be submitted as the acquisition of several lands had to be effected. The last reply regarding the market value of certain lands was received from the Tahsildar on the 29th ultimo and awards passed on the 10th instant.

4. The block is thus free of all rights except those admitted above.

5. The following are sent herewith :—

- (a) B. Register of claims.
- (b) Draft notification under section 16.
- (c) Numerical statement of claims filed and disposed of.
- (d) Sketch of the block.

6. The date in the draft notification is left blank. Two months' time will be necessary to have it duly published as required by the Act.

ENCLOSURE No. 2.—B. Register.

ENCLOSURE No. 3.—Draft notification.

ENCLOSURE No. 4.—Area statement.

ENCLOSURE No. 5.—Numerical statement.

ENCLOSURE No. 6.—Sketch-map.

Endorsement by E. P. POPERT, Esq., Conservator of Forests, Central Circle, dated Madras, 9th October 1895, No. 690.
Forwarded.

Resolution—Forest Mis. No. 390, dated 17th March 1896.

The boundary of the proposed block is very irregular and runs in many places very close to cultivation and to villages-sites, leaving much less room for free grazing and for the extension of cultivation than is contemplated by the recent orders of Government. The soil being rocky and the growth chiefly scrub jungle, the reservation of the whole area does not seem to be of much importance. The Collector is accordingly requested to report whether he sees any objection to throwing out the whole of the portion to the west of the Ambur and Kilmurungai village boundaries.

(True Copies and Extract.)

(Signed) R. C. C. CARR,
Secretary.

To the Collector of North Arcot, with six enclosures,
through the Conservator of Forests, Central Circle.

Read—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 1379, dated 13th October 1896 :—

Read—the following letter from the Collector of North Arcot, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated 15th April 1896, Ref. on Board's Cur. No. 267 of 1895-96 :—

I have the honour to forward a copy of a note, with which I concur, by my District Forest-officer in reply to Board's Proceedings, Forest Mis. No. 390, dated 17th March 1896.

ENCLOSURE No. 1.

From C. D. McARTHUR, Esq., District Forest-officer, North Arcot, to the Collector of North Arcot, dated 5th April 1896, Ref. on Board's Cur. No. 267 of 1895-96.

Office Note—Reference: his endorsement dated 1st instant on Conservator's No. 1706, dated 24th March 1896, enclosing Board's Proceedings, Forest Mis. No. 390, dated 17th March 1896.

There are very serious objections against adopting the Board's proposals.

First.—The irregularity of the boundary cannot be helped. It is well known that natural features form the best forest boundaries.

In this case the foot of the hills which here drop with a very steep descent into the plains, forms the boundary, and irregularity is due to the exclusion of all land which is fit for cultivation. The map will show this.

Second.—No cultivable land has been taken up, so that any alteration of the boundary could not provide for the extension of cultivation.

Third.—The abandonment of the proposed area would lay the main block within, open to the greatest danger from fire as of course the unreserved portions would be fired freely for grazing purposes, and owing to the very bad line of boundary of the main (Ambur) block which runs in straight lines over hill and dale, its protection is scarcely possible owing to the difficulty of getting along it.

Fourth.—The general character of the block was described in the area statement as rocky with scrub growth, but the portion which the Board desires to exclude although consisting of steep slopes is one of the best portions of the block in both respects.

Fifth.—The chief objection, however, is that the area which it is desired to unreserve adjoins the large town of Ambur, which is the centre of a large fuel supply to the Madras Railway and to the local tanning industry. The trade is in the hands of wealthy Lubbai merchants, who now extract the fuel from the Government coupes, and even go for it to coupes 12 and 15 miles from Ambur. Practically the whole village population round Ambur is in the hands of the Lubbai merchants and there can be no doubt whatever that, as soon as these slopes are declared poramboke, the growth on them will gradually but surely disappear for supply to the railways and tanneries.

Finally, the area, which will, if unreserved, be no permanent benefit to the neighbourhood, has been permanently demarcated with stone slabs and a 15-feet cleared line. This expenditure will therefore be thrown away if the Board's proposal is adopted. As to free grazing, this has not been enjoyed by the villagers since the date of notification under section 4, viz., October 1893, and it would be invidious and a source of discontent elsewhere to give a few villages free grazing for no deserving reason, whereas the rest of the country pays grazing fees.

ENCLOSURES Nos. 2 to 7.—Papers returned with Board's Proceedings, Mis. No. 390, dated 17th March 1897.

Endorsement by E. P. POPERT, Esq., Conservator of Forests, Central Circle, dated Camp Cuddalore, 1st May 1896, No. 1953.

Forwarded.

Resolution—Forest Mis. No. 1379, dated 13th October 1896.

Before recommending the final reservation of the Sanankuppam block in the North Arcot district for the reasons now assigned by the Collector, his attention will be drawn to the following remarks:—

(i) *Claim 3.*—The foot-path allowed is admitted for men and cattle to a width of three feet, whereas a continuation of the same path has been admitted for men and laden or ploughing cattle to a width not exceeding three yards (*vide* item 4 in the remarks column of the schedule appended to the notification printed in Government Order, No. 387, dated 5th May 1893). The same remark applies more or less to paths admitted in claims 5, 7, 8, 9 and 14.

(ii) *Claim 5.*—The right of way admitted is indicated on the map partly as a cart-track and partly as a foot-path. Apparently this as well as the path in claim 7 have not been described according to the revision of boundary carried out at settlement, though the corresponding entry in the notification is correct. Moreover, the path in claim 5 would appear to enter the reserve, not at the north-east corner of 281 as in the notification or 291 as in the register, but at No. 298 according to map.

(iii) *Claim 7.*—The foot-path is indicated as a cart-track on the map and appears to enter and quit the reserve more than once. The points of entry and exit of this notification. The width of the path is four feet according to register and only three feet as per notification.

(iv) *Claims 8 and 9.*—The year of decision on this claim is apparently 1894, and not 1895 as given in the register. The path in the former claim appears from the map to be only one furlong in length and not two furlongs as given in the register and notification. In the claim register, the use of these paths as well as that in claim 14 is restricted to cultivating cattle, while in the notification the wider term "cattle" is used.

(v) *Claim 12.*—While the temple is located at about 4 furlongs south of No. 102, the distance of the path from the field to the temple is given as only one furlong.

(vi) *Claim 16.*—Though field No. 148 is acquired for the reserve, it has been excluded according to the map. If so, a note to the effect that the field in question has been excluded subsequently, should have been inserted in the remarks column of the register.

(vii) *Claim 17.*—The claim register admits the path for men only, while the notification allows it for cattle also.

(viii) *Claim 20.*—The point of entry of the path should have been described more definitely by giving its distance from the side of the adjoining field.

(ix) It would appear from the sketch-map that Kommeswaram and Kalidigai villages entered in column 3 of the notification are but hamlets of Vada Puduppatti and Tottalam, respectively. If so, the entries regarding them seem unnecessary.

(x) The correct area of the taluk according to the area statement submitted with the initial notification is 291,200, and not 291,250 acres as given in the area statement now submitted.

(xi) The total number of claims filed and admitted comes to 23 and 22, and not to 21 and 20, respectively, as given in columns 17 and 18 of the numerical statement.

(xii) It is noted that the boundary of Ambur block No. 71 and Ambur fuel reserve has not been indicated on the map by distinct colours as required in Board's Proceedings, Forest No. 615, dated 24th August 1893.

The Collector is requested to revise the settlement records in respect of the above remarks.

2. The draft notification as now submitted contains many corrections, and the alterations to be made therein in accordance with the above remarks may involve further amendment by the Forest Settlement-officer during revision. The Board, therefore, considers it desirable to have a fresh notification drawn up for submission to Government.

3. The map being very unwieldy, opportunity should be taken if possible to have a fresh map prepared showing all the points referred to in the settlement records.

4. A very early reply is requested.

(True Copies and Extract.)

(Signed) R. C. C. CARR,
Secretary.

To the Collector of North Arcot, with six enclosures.
Copy to the Conservator of Forests, Central Circle.

READ—also the following letter from S. H. WYNNE, Esq., Collector of North Arcot, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated 6th November 1897, Dis. No. 659 of 1897-98:—

With reference to Board's Proceedings, Forest Mis. No. 1379, dated 13th October 1896, I have the honour to re-submit the settlement papers of the Sanankuppam block of the Vellore taluk with the Forest Settlement-officer's letter, No. 190, dated 24th August 1897, containing his replies to Board's remarks in paragraphs 1 and 2.

2. With reference to paragraph 1 (xii), the boundary of Ambur block No. 71 and Ambur fuel reserve has now been indicated on the map by distinct colours as required in Board's Proceedings, Forest No. 615, dated 24th August 1893.
3. A revised area statement is now submitted with reference to paragraph 1 (x).
4. With reference to paragraph 3, a map of the reserve has been prepared by the survey of India.

ENCLOSURE No. 1.

From M.R.Ry. K. GANAPAYYA GABU, Forest Settlement-officer, North Arcot, &c., districts, to the Collector of North Arcot, dated Camp, Saidapet, 24th August 1897, No. 190.

With reference to your District Forest-officer's Reference on Board's Current No. 104, dated the 23rd October 1896, communicating copy of Board's Proceedings, Forest Mis. No. 1379, dated the 13th October last, about the settlement papers of Sanankuppam block No. 117 of Vellore taluk, I have the honour to state that the several points noticed in the above Proceedings have been attended to and the necessary corrections have been made as shown below, and I beg to return the several papers:—

Paragraph I, claim 3.—The width of the paths and for whom they are allowed are now given in the remarks column of the B register against the claims and also in the revised draft notification.

Paragraph II, claim 5.—The map is corrected.

The path is now described with great precision.

Paragraph III, claim 7.—The map is corrected.

The description of the path is now given with great precision.

Paragraph IV, claims 8 and 9.—The B register is corrected.

Paragraph V, claim 12.—The B register is corrected.

Paragraph VI, claim 16.—A note is now added in the remarks column of the B register against the claim.

Paragraph VII, claim 17.—The notification is corrected according to the B register.

Paragraph VIII, claim 20.—Attended to.

Paragraph IX.—"Kammeswalam" and "Kulidigai" are now omitted in the revised draft notification.

Paragraph X.—This refers to your District Forest-officer.

Paragraph XI.—The numerical statement is now corrected.

Paragraph XII.—This refers to your District Forest-officer.

2. Paragraph.—A revised draft notification as per instructions of the Board is now submitted.

3. Paragraph.—This refers to your District Forest-officer.

ENCLOSURE No. 2.

Claim No. 8.—Marked as I (4).

Claim No. 9.—About a quarter furlong south-west of the easternmost point of survey No. 13 of Vadupadupattu. Marked as I (5).

Claim No. 10.—These were acquired under the Land Acquisition Act for money compensation. About a furlong.

Claim No. 11.—The path enters the reserve about half a furlong east of the south-west corner of survey No. 102 of Kilmarungai and runs south-east for about one and a half furlongs and meets the path already admitted in Ambur reserve No. 71 at the spot called Anaimadu Kinar (stram). Marked as I (1).

Claim No. 12.—The path to Pandiraja kullu enters the reserve about half a furlong east of the south-west corner of survey No. 204 of Vadupadupattu and runs south for about a furlong. Marked as I (6).

Claim No. 13.—The path to Pappathiyaman kullu enters the reserve about one hundred yards north of the south-east corner of survey No. 102 of Kilmarungai and runs south-east for about one and a half furlongs and meets the path already admitted in Ambur reserve No. 71 at the spot called Anaimadu Kinar (stram). Marked as I (2).

Claim No. 14.—About two chains south-west of its easternmost point. Marked as I (9).

The claims being valid, they are accordingly admitted. The lands will be excluded from the reserve by altering its limits. The path will be open for men and cattle to a width of three feet. (Signed) W. C. McMURRAY, Forest Sett.-officer.

3rd April 1894.

Claim No. 7.—The path, the continuation of which is allowed for men and ploughing or laden cattle to a width not exceeding three yards, will be admitted for men and laden or ploughing cattle to a width not exceeding three yards. (Signed) K. GANAPAYYA, Forest Sett.-officer.

24th August 1897.

The claims being valid, they are accordingly admitted. The lands will be excluded from the reserve by altering its limits. The acquisition of survey Nos. 226-A and 226-B will be arranged for in due course.

The shrine with a chain square of vacant space around it will be demarcated out free from reservation and be retained as an enclosure. The access to it and to the localities for lighting a lamp will be open for men only each to a width of three feet. The path in claim No. 14 will be open for men and cultivating cattle to a width of three feet. (Signed) W. C. McMURRAY, Forest Sett.-officer.

3rd April 1894.

Claim No. 14.—The path, the continuation of which is admitted for men and ploughing or laden cattle to a width not exceeding three yards, will be allowed for men and ploughing or laden cattle to a width not exceeding three yards. (Signed) K. GANAPAYYA, Forest Sett.-officer.

Claim No. 18.—* These lands were acquired under the Land Acquisition Act for money compensation.

14 BOARD OF REVENUE (LAND REVENUE), FOREST No. 93, 8TH MARCH 1898.

2. The serial numbers of admitted rights given in the draft notification should have been recorded in the remarks column of the claim register for purposes of verification. The Board has, however, supplied the omission.

3. The block lies in the Vellore taluk and covers an area of $8\frac{1}{2}$ square miles as finally settled.

APRIL.

Reserved Forest.

The draft notification under section 16 of the Madras Forest Act for the constitution of the Sanankuppam block in the Vellore taluk as a —, ordered to be published in the Fort St. George and the North Arcot District Gazettes.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 93, dated 8th March 1898:—

Read—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 390, dated 17th March 1896:—

Read—the following letter from the Collector of North Arcot, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated Vellore, 28th September 1895, Bd.'s Cur. No. 61-F:—

I have the honour to enclose, in original, letter No. 311, dated 12th July last, received from the Forest Settlement-officer containing his final report of the settlement of block No. 117, Sanankuppam, in Vellore taluk, and request that Government may be moved to issue the notification under section 16 of the Forest Act, draft of which is enclosed in respect of this block.

2. The statement of area and condition as required by Government Order, No. 640, dated 4th July 1887, is herein enclosed.

ENCLOSURE No. 1.

From W. C. McMURRAY, Esq., Forest Settlement-officer, North Arcot District, to the Collector of North Arcot, dated Vellore, 12th July 1895, No. 311.

I have the honour to report the conclusion of the settlement of the proposed Sanankuppam reserved forest block No. 117 in the Vellore taluk of your district.

2. The notification under section 4 proposing to constitute this area into a reserved forest appeared in the *Fort St. George Gazette*, dated 3rd October 1893, and the proclamation under section 6 was published in the District Gazette, dated 24th January 1894.

3. The block was perambulated, inspected in January and February 1894 and enquired into by me between January and July 1894. Twenty-three claims were in all filed for the following rights:—

- (i) Nine claims (two relating to same right) were to rights of way over certain paths.
- (ii) Three claims were to right to a shrine and right to light lamps.
- (iii) Ten claims were to Government patta and inam rights over 126-98 acres of land.
- (iv) One claim was to proprietary rights. The claims involved in items (i) to (iii) were admitted and that in item (iv) was rejected.

The last claim was disposed of on 12th September 1894 and the appeal time expired on 12th October 1894, without any appeal being filed; but the final report could not be submitted as the acquisition of several lands had to be effected. The last reply regarding the market value of certain lands was received from the Tahsildar on the 29th ultimo and awards passed on the 10th instant.

4. The block is thus free of all rights except those admitted above.

5. The following are sent herewith:—

- (a) B. Register of claims.
- (b) Draft notification under section 16.
- (c) Numerical statement of claims filed and disposed of.
- (d) Sketch of the block.

6. The date in the draft notification is left blank. Two months' time will be necessary to have it duly published as required by the Act.

ENCLOSURE No. 2.—B. Register.

ENCLOSURE No. 3.—Draft notification.

ENCLOSURE No. 4.—Area statement.

ENCLOSURE No. 5.—Numerical statement.

ENCLOSURE No. 6.—Sketch-map.

Endorsement by E. P. POPERT, Esq., Conservator of Forests, Central Circle, dated Madras, 9th October 1895, No. 690.

Forwarded.

Resolution—Forest Mis. No. 390, dated 17th March 1896.

The boundary of the proposed block is very irregular and runs in many places very close to cultivation and to villages-sites, leaving much less room for free grazing and for the extension of cultivation than is contemplated by the recent orders of Government. The soil being rocky and the growth chiefly scrub jungle, the reservation of the whole area does not seem to be of much importance. The Collector is accordingly requested to report whether he sees any objection to throwing out the whole of the portion to the west of the Ambur and Kilmurungai village boundaries.

(True Copies and Extract.)

(Signed) R. C. C. CARR,
Secretary.

To the Collector of North Arcot, with six enclosures,
through the Conservator of Forests, Central Circle.

Read—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 1379, dated 13th October 1896:—

Read—the following letter from the Collector of North Arcot, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated 15th April 1896, Ref. on Board's Cur. No. 267 of 1895-96:—

I have the honour to forward a copy of a note, with which I concur, by my District Forest-officer in reply to Board's Proceedings, Forest Mis. No. 390, dated 17th March 1896.

ENCLOSURE No. 1.

From C. D. McARTHY, Esq., District Forest-officer, North Arcot, to the Collector of North Arcot, dated 5th April 1896, Ref. on Board's Cur. No. 267 of 1895-96.

Office Note—Reference: his endorsement dated 1st instant on Conservator's No. 1706, dated 24th March 1896, enclosing Board's Proceedings, Forest Mis. No. 390, dated 17th March 1896.

There are very serious objections against adopting the Board's proposals.

First.—The irregularity of the boundary cannot be helped. It is well known that natural features form the best forest boundaries.

In this case the foot of the hills which here drop with a very steep descent into the plains, forms the boundary, and irregularity is due to the exclusion of all land which is fit for cultivation. The map will show this.

Second.—No cultivable land has been taken up, so that any extension of the boundary could not provide for the extension of cultivation.

Third.—The abandonment of the proposed area would lay the greatest danger from fire as of course the unreserved portions would be straight lines over hill and dale, its protection is scarcely possible in block within, open to be fired freely for grazing or block which runs in a line to the difficulty of

Fourth.—The general character of the block was described in the area statement as rocky with scrub growth, but the portion which the Board desires to exclude although consisting of steep slopes is one of the best portions of the block in both respects.

Fifth.—The chief objection, however, is that the area which it is desired to unreserve adjoins the large town of Ambur, which is the centre of a large fuel supply to the Madras Railway and to the local tanning industry. The trade is in the hands of wealthy Lubbai merchants, who now extract the fuel from the Government coupes, and even go for it to coupes 12 and 15 Lubbai merchants and there can be no doubt whatever that, as soon as these slopes are declared poramboke, the growth on them will gradually but surely disappear for supply to the railways and tanneries.

Finally, the area, which will, if unreserved, be no permanent benefit to the neighbourhood, has been permanently demarcated with stone slabs and a 15-feet cleared line. This expenditure will therefore be thrown away if the Board's proposal is adopted. As to free grazing, this has not been enjoyed by the villagers since the date of notification under section 4, viz., October 1893, and it would be invidious and a source of discontent elsewhere to give a few villages free grazing for no deserving reason, whereas the rest of the country pays grazing fees.

ENCLOSURES NOS. 2 TO 7.—Papers returned with Board's Proceedings, Mis. No. 390, dated 17th March 1897.

Endorsement by E. P. POPERT, Esq., Conservator of Forests, Central Circle, dated Camp Cuddalore, 1st May 1896, No. 1953.

Forwarded.

Resolution—Forest Mis. No. 1379, dated 13th October 1896.

Before recommending the final reservation of the Sanankuppam block in the North Arcot district for the reasons now assigned by the Collector, his attention will be drawn to the following remarks:—

(i) *Claim 3.*—The foot-path allowed is admitted for men and cattle to a width of three feet, whereas a continuation of the same path has been admitted for men and remarks column of the schedule appended to the notification printed in Government Order, No. 387, dated 5th May 1893). The same remark applies more or less to paths admitted in claims 5, 7, 8, 9 and 14.

(ii) *Claim 5.*—The right of way admitted is indicated on the map partly as a cart-track and partly as a foot-path. Apparently this as well as the path in claim 7 have not been described according to the revision of boundary carried out at settlement, though the corresponding entry in the notification is correct. Moreover, the path in claim 5 would appear to enter the reserve, not at the north-east corner of 281 as in the notification or 291 as in the register, but at No. 298 according to map.

(iii) *Claim 7.*—The foot-path is indicated as a cart-track on the map and appears to enter and quit the reserve more than once. The points of entry and exit of this as well as other paths should be fixed with greater precision both in the register and notification. The width of the path is four feet according to register and only three feet as per notification.

(iv) *Claims 8 and 9.*—The year of decision on this claim is apparently 1894, and not 1895 as given in the register. The path in the former claim appears from the map to be only one furlong in length and not two furlongs as given in the register and notification. In the claim register, the use of these paths as well as that in claim 14 is restricted to cultivating cattle, while in the notification the wider term "cattle" is used.

(v) *Claim 12.*—While the temple is located at about two furlongs south of No. 102, the distance of the path from the field to the temple is given as only one furlong.

(vi) *Claim 16.*—Though field No. 148 is acquired for the reserve, it has been excluded according to the map. If so, a note to the effect that the field in question has been excluded subsequently, should have been inserted in the remarks column of the register.

(vii) *Claim 17.*—The claim register admits the path for men only, while the notification allows it for cattle also.

(viii) *Claim 20.*—The point of entry of the path should have been described more definitely by giving its distance from the side of the adjoining field.

(ix) It would appear from the sketch-map that Kommeswaram and Kalidigai villages entered in column 3 of the notification are but hamlets of Vada Puduppatti and Tottalam, respectively. If so, the entries regarding them seem unnecessary.

(x) The correct area of the taluk according to the area statement submitted with the initial notification is 291,200, and not 291,250 acres as given in the area statement now submitted.

(xi) The total number of claims filed and admitted comes to 23 and 22, and not to 21 and 20, respectively, as given in columns 17 and 18 of the numerical statement.

(xii) It is noted that the boundary of Ambur block No. 71 and Ambur fuel reserve has not been indicated on the map by distinct colours as required in Board's Proceedings, Forest No. 615, dated 24th August 1893.

The Collector is requested to revise the settlement records in respect of the above remarks.

2. The draft notification as now submitted contains many corrections, and the alterations to be made therein in accordance with the above remarks may involve further amendment by the Forest Settlement-officer during revision. The Board, therefore, considers it desirable to have a fresh notification drawn up for submission to Government.

3. The map being very unwieldy, opportunity should be taken if possible to have a fresh map prepared showing all the points referred to in the settlement records.

4. A very early reply is requested.

(True Copies and Extract.)

(Signed) R. C. C. CARR,
Secretary.

To the Collector of North Arcot, with six enclosures.
Copy to the Conservator of Forests, Central Circle.

Read—also the following letter from S. H. WYNNE, Esq., Collector of North Arcot, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated 6th November 1897, Dis. No. 659 of 1897-98:—

With reference to Board's Proceedings, Forest Mis. No. 1379, dated 13th October 1896, I have the honour to re-submit the settlement papers of the Sanankuppam block of the Vellore taluk with the Forest Settlement-officer's letter, No. 190, dated 24th August 1897, containing his replies to Board's remarks in paragraphs 1 and 2.

2. With reference to paragraph 1 (xii), the boundary of Ambur block No. 71 and Ambur fuel reserve has now been indicated on the map by distinct colours as required in Board's Proceedings, Forest No. 615, dated 24th August 1893.
3. A revised area statement is now submitted with reference to paragraph 1 (x).
4. With reference to paragraph 3, a map of the reserve has been prepared by the survey of India.

ENCLOSURE No. 1.

From M.R.Ry. K. GANAPAYYA GARU, Forest Settlement-officer, North Arcot, &c., districts, to the Collector of North Arcot, dated Camp, Saidapet, 24th August 1897, No. 190.

With reference to your District Forest-officer's Reference on Board's Current No. 104, dated the 23rd October 1896, communicating copy of Board's Proceedings, Forest Mis No. 1379, dated the 13th October last, about the settlement papers of Sanankuppam block No. 117 of Vellore taluk, I have the honour to state that the several points noticed in the above Proceedings have been attended to and the necessary corrections have been made as shown below, and I beg to return the several papers:—

Paragraph I, claim 3.—The width of the paths and for whom they are allowed are now given in the remarks column of the B register against the claims and also in the revised draft notification.

Paragraph II, claim 5.—The map is corrected.

The path is now described with great precision.

Paragraph III, claim 7.—The map is corrected.

The description of the path is now given with great precision.

Paragraph IV, claims 8 and 9.—The B register is corrected.

Paragraph V, claim 12.—The B register is corrected.

Paragraph VI, claim 16.—A note is now added in the remarks column of the B register against the claim.

Paragraph VII, claim 17.—The notification is corrected according to the B register.

Paragraph VIII, claim 20.—Attended to.

Paragraph IX.—"Kammeswatam" and "Kulidigai" are now omitted in the revised draft notification.

Paragraph X.—This refers to your District Forest-officer.

Paragraph XI.—The numerical statement is now corrected.

Paragraph XII.—This refers to your District Forest-officer.

2. *Paragraph.*—A revised draft notification as per instructions of the Board is now submitted.

3. *Paragraph.*—This refers to your District Forest-officer.

(9) Right of way for men and cultivating cattle to the lands in survey No. 13 of Kommevaram, runs south-east for about four furlongs and meets the path already admitted in Ambur reserve No. 71. (10) Brings to notice the existence of the following patta and inam lands of Vadapudupattu included within the reserve:—	Long use	Does not contest the claims and wishes to exclude all the lands except survey Nos. 226-A and 226-B, which he elects to purchase.	3rd April 1894. The paths, the continuations of which are allowed for men and ploughing or laden cattle to a width not exceeding three yards, will be admitted for men and laden or ploughing cattle to a width not exceeding three yards. (Signed) W. C. McMURRAY, Forest Sett.-officer. 24th August 1897.	The claims being valid, they are accordingly admitted, each to a width of three feet. (Signed) W. C. McMURRAY, Forest Sett.-officer.
10 to 14	Chinnasami Pillai, karnam of Vadapudupattu and Kilnurungai.	27th Jan. 1894.	Advances, on behalf of the Hindu community:— (11) Right to light a lamp on Kirthika day of Kartthikai month (November-December) on Pappathiyanman kattu and Pandiraja kattu. Accesses to them are from survey Nos. 171 and 204 of Vadapudupattu and running east and south for about two furlongs and one furlong, respectively. (12) Right to light a lamp on Kirthika day of Kartthikai month (November-December) on Pappathiyanman kattu and Pandiraja kattu. Accesses to them are from survey Nos. 171 and 204 of Vadapudupattu and running east and south for about two furlongs and one furlong, respectively. (13) Advances, on behalf of the pottadars of survey Nos. 117, 118, 119 and 228 of Kilnurungai, right of way for men and cultivating cattle to the said lands which are admitted as enclosures in the Ambur reserve No. 71. It enters the reserve in survey No. 102 of Kilnurungai, runs south-east for about one mile and meets the path already admitted in Ambur reserve.	Evidence of the karnam and village accounts.	Does not contest the claims and wishes to exclude all the lands except survey Nos. 226-A and 226-B, which he elects to purchase.	3rd April 1894. The paths, the continuations of which are allowed for men and ploughing or laden cattle to a width not exceeding three yards, will be admitted for men and laden or ploughing cattle to a width not exceeding three yards. (Signed) W. C. McMURRAY, Forest Sett.-officer. 24th August 1897.	The claims being valid, they are accordingly admitted. All the lands except survey Nos. 226-A and 226-B will be excluded from the reserve by altering its limits. The acquisition of survey Nos. 226-A and 226-B will be arranged for in due course. The shrine with a chain square of vacant space around it will be demarcated out free from reservation and be retained as an enclosure. The access to it and to the localities for lighting a lamp will be open for men only each to a width of three feet. The path in claim No. 14 will be open for men and cultivating cattle to a width of three feet. (Signed) W. C. McMURRAY, Forest Sett.-officer. 3rd April 1894.

Claims Nos. 19 and 20.—Marked as III (3).

B. Register of claims to lands, rights to Forest produce or easements in the proposed Sanankuppam reserved forest, &c.—*cont.*

No.	Names of claimants.	Date of presentation of claims.	Nature and extent of claims preferred.	Brief summary of the evidence adduced in support of claims.	Brief summary of the District Forest-officer's arguments and evidence produced by him.	Brief abstract of decision and final disposal of the claims by the Forest Settlement-officer.
23	Sreenivasachari, Inamdar, residing at Vengili, Kinala, Govinda Charlu who is the agent of the Sri Sathadira thida Swamiyar, the shrotriendrar of Vengili.	15th April 1894.	Advances full proprietary rights to the hill portion as shown in the survey map (exhibit A) as belonging to the Vengili shrotriendrar and claims the same by right of user. He files the power of attorney granted to him by Kinala Govinda Charlu.	Evidence of three witnesses, right of user, and files survey map of Vengili shrotriendrar (exhibit A).	The District Forest-officer's answer is:—That the shrotriendrar has no claim to the hill in question. There is no mention of the palmash or in the inam register, and total poramboke of all kinds mentioned in the latter is 65 aunes 7 grounds 8 ares in native measure.	<p>The issues for decision are:—</p> <p>(1) Whether the portion claimed belongs to the shrotriendrar of Vengili.</p> <p>(2) Whether the right of user gives claimant a title to the portion claimed.</p> <p>2. In paragraph 7 of Board's Standing Order No. 124 it is ruled that the owners of inam villages are entitled to hold the entire area within their village boundary on the terms of the settlement made by the Inam Commissioner without reference to its extent; and it, therefore, follows that if it is found that the portion claimed falls within the village boundary, the claimant is entitled to same irrespective of the entry in exhibit I.</p> <p>3. What the boundaries of the village are, has now to be determined. The palmash gives none, nor does it give any hill portion measurement.</p> <p>4. Three witnesses were examined on behalf of the claimant. Two (first and second) who are ryots of Vengili, state the limits they have always considered as belonging to the village and been enjoying the hill portion as demarcated by a former monitor of Vengili. The third witness, village munsi of an adjoining Government village (Kilmarungai), says that the shrotriendrar of the village were concerned and benefited—that is, they got their wood, &c, free from the hill just like the ryots of Government villages did prior to the creation of the Forest department.</p> <p>5. The total extent entered in exhibit I, viz, 347 aunes 8 grounds 8 ares, including poramboke and equivalent to about 458 ares the claimant has, exclusive of and outside the portion claimed.</p> <p>6. The ryots of Government villages have also dug tanks and wells on the hills, but for all that these acts do not confirm on them any right to the hill which has been demarcated by the Survey department as belonging to their respective villages.</p> <p>7. As regards the second issue, there is no doubt that the shrotriendrar has been enjoying the hill portion. This enjoyment, however, was limited and extended only as far as the ryots of his village department as belonging to their respective villages.</p> <p>8. According to the third witness, it is clear that it was only after the formation of the Forest department that permits were issued by the shrotriendrar only from this date; therefore it can be concluded that the shrotriendrar exercised some control over the portion claimed.</p> <p>9. The Forest department, I believe, was formed in 1861, and control over the hills was exercised from then. This will give the shrotriendrar little over thirty years as the period he exercised his right over the portion claimed.</p> <p>10. As sixty year's right of user is required to constitute a prescriptive title of ownership, I accordingly find the second issue also in the negative against the claimant.</p> <p>11. Both the issues having been found in the negative against the claimant, the claim is accordingly rejected.</p> <p>12th September 1894.</p>

(Signed) W. C. McMURRAY,
Forest Sett-officer.

REMARKS.—I. Right of way over the under-mentioned foot-paths is admitted. Nos. 1 to 6 will be for men and laden or ploughing cattle each to a width not exceeding three yards and No. 7 for men only to a width of three feet:—

- (1) Foot-path from Periyankuppam to Panamkatteri. It enters the reserve at the easternmost point of survey No. 286 of Periyankuppam, runs south-east and south for about one and three-fourth miles and meets the path already admitted in Ambur reserved forest No. 71.
- (2) Foot-path from Sanankuppam to Asanampattu. It enters the reserve at the north-east corner of survey No. 281 of Sanankuppam, runs east by south for about six furlongs and meets the Ambur-Asanampattu path already admitted in Ambur reserved forest No. 71 at the spot called Anaimadugu kanar (stream).
- (3) Foot-path from Ambur to Sikkijonai in Ambur reserved forest No. 71. It enters the reserve about two furlongs north-east of the easternmost point of survey No. 678 of Ambur, runs south-east and east for about one mile and meets the path already admitted in Ambur reserved forest No. 71.
- (4) Foot-path from Kommeswaram, hamlet of Vadapudupattu, to the patta lands in survey Nos. 232 to 236 of Vadapudupattu. It enters the reserve at the south-east corner of survey No. 32 of Vadapudupattu, runs south for about two furlongs and meets the path already admitted in Ambur reserved forest No. 71.
- (5) Foot-path from Kommeswaram, hamlet of Vadapudupattu, to the patta lands in survey Nos. 227 to 231 and 237 of Vadapudupattu. It enters the reserve about one-fourth of a furlong south-west of the easternmost point of survey No. 13 of Vadapudupattu, runs south-east for about four furlongs and meets the path already admitted in Ambur reserved forest No. 71.
- (6) Foot-path from Kilmurungai to the patta lands in survey Nos. 117 to 119 and 228 of Kilmurungai, which are admitted as enclosures in Ambur reserved forest No. 71. It enters the reserve in survey No. 102 of Kilmurungai about two chains south-west of its easternmost point, runs south-east for about one mile and meets the path already admitted in Ambur reserved forest No. 71.
- (7) Foot-path from Palur to Arimulai. It enters the reserve about half a furlong west of the south-west corner of survey No. 69 of Palur, runs south-west and south-east for about four miles and quits it about one-fourth of a furlong east of the northernmost point of survey No. 124 of Nadampaliyam.

II. Right of way for men only to a width of three feet over the path from Kilmurungai to the shrine of Malai Perumalkoil situated about a furlong south of survey No. 102 of Kilmurungai and right to same is admitted. The shrine with a vacant space, square in shape, of twenty-two yards on each side of it for the use of the worshippers, will be demarcated out free from reservation and be retained as an enclosure. The path enters the reserve about half a furlong east of the south-west corner of survey No. 102 of Kilmurungai and runs south-east for about a furlong to the shrine.

III. Right on behalf of the Hindu community to light lamps in the following places and right of way to them for men only to a width of three feet each is admitted:—

Names of places.	Days of lighting the lamps.	Access.
(1) On Pappathiyam-mankallu.	On Krithika day of Karthigai month (November and December).	The path enters the reserve about one hundred yards north of the south-east corner of survey No. 171 of Vadapudupattu and runs east for about one and one-fourth furlongs to the spot.
(2) On Pindirajuka.	On Krithika day of Karthigai month (November and December).	The path enters the reserve about half a furlong east of the south-west corner of survey No. 204 of Vadapudupattu and runs south for about a furlong to the spot.
(3) On the summit Sanniyasimalai.	On the four Saturdays of Purattasi (September and October) and on Krithika day of Karthigai month (November and December).	The path enters the reserve in survey No. 662 of Agaram and runs north for about one and a half miles to the spot.
