Proceedings of the Government of Mysore, Forest, dated 1st April 1898.

READ:—

The following letter No. 4307—263, dated the 16th March 1898, from the Conservator of Forests in Mysore.

Referring to para 3 of Proceedings No. 10579—Ft. F. 31-95 of 28th May 1897, and para 3 of Proceedings No. 8528—Ft. F. 31-95 of 14th instant, I have the honor to submit a statement of the revised classification of sandal, as finally adopted for general introduction this year, save as regards some 350 tons of last year's stock remaining unsold in the kothis of Shimoga, Sagar, Chikmagalur and Bangalore.

2. The classification is almost identical with that printed with the first of the Proceedings above quoted, the number of classes remaining the same, but is more carefully arranged under billets, roots, hollows and chiltas and the wording as regards number of pieces to the ton and weight of each is more definite.

3. I solicit the formal approval of Government to it and would suggest that copies be sent to the Government of Madras and Chief Commissioner of Coorg for information with the suggestion that its adoption by them, along with that of standard English weights, would secure uniformity and facility of comparison of rates obtained.
