Irrigation.

READ—the following paper:—

Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), Mis. No. 2210, dated 30th March 1898.

Read—the following letter from the Collector of Gódávari, to the Secretary to the Commissioner of Revenue Settlement, Land Records and Agriculture, dated 14th March 1898, Dis. No. 1178/Rev.:—

I have the honour to reply to Board's Proceedings, Mis. No. 7193, dated 3rd September 1897, regarding the proposed construction of a tank at Mahadevapuram.

2. The estimated area that is likely to be brought under wet cultivation is acres 2,000 and the probable revenue Rs. 9,000.

3. The soil is partly red loam and partly regar clay, both fit for wet cultivation.

4. The land irrigable under the tank will be readily taken up for darkhasts for acres 2,262 in the neighbourhood have already been received. The introduction of irrigation is desired by the people generally. The population of the tract to be irrigated is not sufficient to allow of the rapid spread of irrigated cultivation, but the applicants are partly outsiders and labourers also may be brought from outside. No extent is entitled to water without payment. Water-rate may be charged at Rs. 4 an acre. The local people are accustomed only to dry cultivation but the system of wet cultivation has been successfully adopted in the case of the Gangole tank and in the neighbourhood. Should the expenditure amount to Rs. 1,70,000 as estimated, of course the return will not be a very high one on the expenditure involved, but possibly further investigation by the Public Works Department might result in material reduction of this very large sum.

Resolution—Mis. No. 2210, dated 30th March 1898.

Submitted to Government, with reference to G.O., Mis. No. 4460, Revenue, dated 25th August 1897.

(True Copy and Extract.)

(Signed) R. V. SRINIVASIAR,
Secretary.

Mis. No. 1885, Revenue.

Forwarded to the Public Works Department, with reference to its Endorsement, No. 777 I., dated 24th August 1897.

(By order.)

29th April 1898. (Signed) N. E. MARJORIBANKS,
Ag. Under Secretary to Government.

ORDER—No. 402 I., dated 19th May 1898.

Communicated to the Superintending Engineer, I Circle, with reference to his letter, No. 441 C, dated 13th August 1897, published with G.O., No. 777 I., dated 24th August 1897.

2. The Superintending Engineer will arrange to submit plans and estimates for constructing a tank at Mahadevapuram, Gódávari district.

3. The Superintending Engineer's attention is called to the desirability of keeping the cost of the work at as low a figure as possible with reference to the concluding paragraph of the Collector's letter embodied in the Proceedings read above.

(True Extract.)

for Under Secretary to Government,
Irrigation Branch.

To the Chief Engineer for Irrigation.
" Superintending Engineer, I Circle.
