Proceedings of the Board of Revenue (Land Revenue).

NO.1457 Misc.Dated 6th June 1898.

Read letter from R.Morris Esq.,Ag.Collector of Kistna to the Secretary to the Commissioners of Land Revenue,Madras,Ref.No.2426-G1.,dated 12th May 1898.

Resolution

The Collector's report will be submitted to Government with reference to para 2 of its Order No.3509 Mis.dated 9th July 1897 and in continuation of para 2 of Board's Proceedings,No. 106,dated 23rd April 1898.

2. It is observed that, on the whole, an extent of 1121.98 acres of land has been assigned or is in process of being assigned to 160 applicants belonging to the Panchama and other destitute classes subject to the conditions set forth in para 5 (3) of G.O.No.732 Rev.,dated 17th October 1894. The Temporary miscellaneous pattas embodying these conditions should be issued in all these cases.

3. In para 1 of G.O.No.163 Rev.,dated 18th March 1898 communicated with Board's Proceedings No.106,dated 23rd April 1898 it was laid down that applications from the Masulipatam pensioners and ex-pensioners should be disposed of pari passu with those of Panchamas. For this reason and also because so large an extent as 6541.22 acres is still available for disposal, the Board considers that the pending applications need not be deferred until a selection of land has been made by Mir Zainul Abidin. The Collector is

Note.

With its Prop. read above, the Board of Revenue submits the Kistna Collector report relative to the disposal of the waste lands commanded by the Peddalambur channel, Gundivada Taluk.

2. The extent of land reported to be available for sale in 1897 was ^{6565.46} ~~6565.46~~ and an extent of acres 4678.98 appears to have been newly become available for the purpose in 1891, thus raising the total extent available for sale to acres 11241.44. Out of this extent, acres 1032.57 were sold by auction, acres 2978.28 have been reserved for assignment to resident ryots, and acres 1089.37 have been ^{assigned to} ~~applied for~~ by ryots. The extent of land which still remains is therefore
 $\text{Acres } 11241.44 - \text{acres } (1032.57 + 2978.28 + 1089.37) = 6541.22$
