SUBJECT.

Submitting to Govt.
with reference to Govern-
ment Order nos. 5872 his
27-9-17 and 5953 his, letter
18.11.97
from the Collector of Cuddalore
regarding the displacement
of cholam by ragi in the
calculation of money value
for wages & dols in the affec-
tation of Cuddalore & to
wages to workers
This

Note: The information was called for in Sept 97
for the purpose of deciding whether ragi
could be substituted for cholam. The
report is submitted long after the close
of relief operations & is ~~for~~ ^{of} ~~no~~ ^{no} use.

Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture),

Dated 20th June 1898

No. 3737 Misc

READ

The following letter from E. L. Vaughan Esquire, Ag Collector of Lenddapaah, Dis No: 2293^{Rev.} of 98 dated 14th May 1898:-
 Communicating to the Collectors of Decan district
 G.O. R.D. 5072
 27-9-97
 For early report
 With reference to Board's Proceedings No. 8045 Misc. (Settlement) dated 30th September 97, regarding the displacement of Cholam by raji in the Calculation of money value of wages and doles, I have the honour to State as follows:-
 2. In this District, when relief works were started in the beginning of November pay, raji was adopted as the basis of Calculation for wages to Coolies. This

This was in force in the marginally
noted four works in progress
from November 1896. 1. Bollavaram Proddatur Taluk
vide Mr. Forbe's 2. Goriganur Jannamalamada-
letter to Board gu taluk
printed in Board's 3. Mallamthair - do -
Proceedings dated 11th 4. Rayalapuram Polivendula
November 1896 No. 334 Settlement Taluk.

In the middle of January 1897
Mr. Tate reported to Board
that Cholum was the grain
in ordinary use by the relief
workers and that it ought
to be adopted as the basis of
Calculation and the Board
approved of it in Board's
Proceedings No. 56 (Settlement)
dated 25th January 1897. Ragi
was then displaced by Cholum
in all works subsequent to
the receipt of this order. Later
on, on receipt of Board's
Proceedings dated 3rd
July 1897 No. 483 (Settlement)
wages were calculated on
the price of equal quantities
of Ragi and Cholum and

this continued till the middle
of October 1897 when on
receipt of ~~Board's Proceedings~~ ^{Government order}
No. 5243 Misc dated 7th October
1897 Ragi was alone was
adopted on some of the works
but full effect was not
given to the order, as the
relief works were closed
by the end of October 1897.

3. In regard to Kitchens,
Central Kitchens were started
in this District in May 1897.
The Kitchens attached to
works were opened simulta-
neously with the works. The
monthly famine Statement
I shows that the quantity
of grain issued in Kitchens
was as follows:

566

13-7-97

From December 1896 to July 1897 no uniform Scale was in existence. The Tahsildars in this District were informed, that ragi and Cholum might be mixed in the usual proportions, ^{i.e. in the proportion} to which the persons that resorted the Kitchens were accustomed. Thus in some places only cholum was issued while in others, a mixture of cholum and ragi in varying proportions was issued. After the receipt of Board's Proceedings No 483 dated 3rd July 1897, the two grains were issued in equal proportions. No effect was given to ^{Government's} Board's ~~Order~~ ^{Proceedings} Misc no: 5-243 dated 7th October 1897 as it was received late when most of the Kitchens were closed. Taking the totals of the figures given above for each taluk the proportion of ragi and Cholum was a proximately

24.30 in Buddapah, 20.67 in Proddatwi, 8.26 in Jainimala madagu and 10.14 in Pulivendula. The same remarks apply to Central Kitchens.

4. In regard to grain doles, Cholum was being doled out from the time of starting in May 1897 till Board's Proceedings dated 3rd July 1897 No. 483 (Settlement) was received. Subsequently a half ragi and half Cholum standard was adopted. The subsequent Order directing the adoption of Ragi alone as the standard was not carried out except in a few places as famine operations were then being closed.

5. The Subjoined tabular Statement gives the information required in detail for each work, kitchen and relief circle.

No.	Names of works Kitchens & circles	The date on which ragi was first used	The date on which Cholum alone was commenced to be used	The date on which $\frac{1}{2}$ ragi and $\frac{1}{2}$ Cholum was used	The date on which ragi was reverted to
