Order—Mis. No. 1296, Revenue, dated 14th March 1898.

The Government observes that the inclusion of the cart-track from Modahalli to Basuvanatham which runs along the western boundary of the reserve is contrary to the instructions given in G.O., No. 612, dated 6th September 1895. The cart-track should be excluded and the boundary described by means of cairns placed at important bends on the inner side of the path. The draft notification should be revised accordingly.

Read—Board's Reference, No. 124, dated 19th March 1898, on G.O., Mis. No. 1296, Revenue, dated 14th March 1898.

Read—the following letter from J. A. CUMMING, Esq., Acting Collector of Coimbatore, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Southern Circle), dated 1st April 1898, Ref. on Cur. No. 336-For. of 1896-97 :—

With reference to Board's Proceedings, Reference No. 124, dated 19th March 1898, I have the honour to inform you that the cart-track in the present case is somewhat exceptional. It is portion of an already existing right of way which has now been transformed by the Forest Department at considerable expense into a regular trace running up the Gundila valley—*vide* Board's Proceedings, Forest Mis. No. 1141, dated 15th August 1896, and No. 664, dated 7th July 1897.

2. It is essential that control over it should remain in the hands of the department and it is therefore very desirable that it should be included within the reserve as far as possible.

3. Under these circumstances I request that the Board will move Government to accept the notification and map already submitted and which are now returned.

Resolution—Mis. No. 251, dated 19th April 1898.

The Collector's letter read above will be submitted to Government with reference to G.O., Mis. No. 1296, Revenue, dated 14th March 1898.

2. The necessity for a road to the Gundila valley which remained unexplored owing to its inaccessibility was urged by the late Collector Mr. Bradley, and the Board, in the Proceedings quoted by the Collector, sanctioned its construction from Forest funds at a cost of Rs. 8,974. As the cart-track in question forms a portion of the above-mentioned road which it is desirable that the department should retain under its control, the Board supports the Collector's recommendation that it should not be excluded from the reserve.
