Ref on Cur. No. $\frac{410}{Rev.}$ of 1898, dated 28th February 1898.

Reference No. 355, dated 25th March 1898.

The site plan and estimate amounting to Rs 20,900 for the construction of a new Deputy Tahsildar's office at Perundurai are submitted for the sanction of Government with reference to G. O. $\frac{557}{18-3-97}$ Rev.

2. The estimate includes a provision of Rs 704 for fencing the compound of the office with wire. The Superintending Engineer and the Collector, however, are of opinion that a good hedge would be preferable, as a wire fence

fence soon gets out of order. The Board
agrees with the Collector and the Superin-
tending Engineer.

The Commission's report will deal
 with the estimate of the total
 cost of the work. The
 quantity of work and rates differ
 under certain items from those
 entered in the standard schedule
 of quantities and rates, but a
 scrutiny of these will, it is
 thought, be done in the P.W.D.
 The Superintending Engineer's pro-
 posal, which is supported
 by the Collector and the Board of
 Revenue, to substitute a good
 hedge for in place of a wire
 fence round the Compound may
 also be approved. The difference
 in cost is not reported. It is
 also doubtful whether a hedge
 will last much longer than
 a wire fence, ~~even~~ ^{perhaps} ~~possibly~~
 a mud wall with tiled coping
 will be better and at the same
 time cost less. The question of replacing
 wire fences by mud walls is now under
 consideration by the P.W.D.
 3. The provision for the sub-
 soil latrine has been cut out

 that department.
