His. No. 1938, dated 17th May 1898.

-----:0:-----

Read letter from the Collector of Malabar Ref on G. O. No. 44/S.O.D of 93, dated 1st May 1898, forwarding for sanction and allotment of funds, plan and estimate for improvements to the ^{Sea} Custom House at Tellicherry with copy of a letter from the Superintending Engineer, IV Circle.

Resolution.

With reference to the Proceedings of the P.W. Department, No. 5612, W, dated 19th December 1895 communicated in Government Order R. No. 18, Revenue, dated 6th January 1897, the plan and estimate for the improvement of the Sea Customs office at Tellicherry, received with the letter read above -- are submitted to Government for orders, and, if approved, for sanction and allotment of funds.

2. The Board would observe that the matter originated in a call for the provision of accommodation for the Sea Customs Superintendent in a building which serves jointly for his -- and the Port Officer's offices. The Public Works Department -- has considered it proper to provide the building with front and rear verandahs and with a new upper storey. The Board is -- not in a position to determine whether the carrying out of -- its wishes should involve expenditure to the amount estimated and the Marine Department has a claim to be heard before decision; but it appears necessary to draw the attention of Government to the large expenditure which is proposed and the -- absence in the papers of reasons justifying it.

MEMORANDUM.

Order came in
Dated Madras, *4th* July 1898.

Endorsement in the Revenue Department No 2391 dated 3rd June 1898 on Proceedings of the Board of Revenue (Separate Revenue) No 1988 dated 17th May 1898.

The request for the extension of the upper story came originally from the Collectors of the District and the Board of Revenue, and the P.W.D was directed to submit plans and estimates. This has accordingly now been done, and provision has also been made for front and rear verandahs which are usually considered indispensable on the West Coast.

2. Marine Department has no objection to the expenditure provided that none of it is charged to Port Funds.

3. If the Revenue Department objects to the amount of the estimate, it is suggested that the Collector should be asked

asked whether the proposed extension of the upper story does not provide more accommodation than is really needed, and whether it would not be sufficient to add one room only: also whether the proposed verandahs may not be omitted. Probably a light timber structure added to the upper story would meet requirements, and could be obtained for about Rs 1,000 from Messrs. Brown & Co, Calcutta.
