CURRENT No. 11/11/11

This is to be kept in
a book to be recorded
by the reference by the
General Order on the
subject of the
Order.

Order

Secy

as the order for 6000
reams has already been
given by the Supt of
Sd; it is apparently
not open to cancel it.
But should not an
order go out at once
that no further
work is to be ordered
or aid in pending
the issue of further
instructions on the
subject?

From

The Secretary to the Commission-
er of Salt, Abhari and Separate Re-
venue, Madras.

No. 2275.

Proceedings of the Board of Revenue

(Separate Revenue.)

Dated 7th. June 1898.

Mis. No. 2275.

Read the following letter from J.H. Atkinson Esquire., -
J.C.S. Acting Superintendent of Stationery, Madras, No. 1027,
dated 1st June 1898:-

" In para 3 of Government Order No. 332, Revenue, dated 14th May 1897, communicated by Resolution No. 235, dated 30th June 1897, the Superintendent of Stamps and Stationery was directed to arrange with the Titaghur Paper Mills Company for the manufacture and supply of the quantity of special water marked paper that was likely to be required for consumption during the three years after its introduction, and in para 4 of the same order the question of entering into a contract with the Company for the supply of the paper for a long term was ordered to await the results of the experience of the first two years. In G.O. No. 1054 Miscellaneous, dated 4th Fourth March 1898, it was directed that before renewing an engagement with the Titaghur Mills tenders should be invited from other well known paper manufacturing companies in India.

2. The estimates received from Collectors of the probable quantity of ^{the} paper which would be required during the first three years aggregated 7264 reams and arrangements were made with the Titaghur Mills for the supply of 7500 reams. A first issue of 2700 reams was made to districts as soon as the paper became available, and subsequent issues amounting in all to 2220 reams have been made. There are at present on hand demands for 2830 reams, in addition to those already supplied, while the balance in stock amounts to 2414 reams only. It will thus be seen that up to date the Mills have supplied 7331 out of the 7500 reams ordered.

3. To illustrate the difficulty of meeting the growing demands of construction it may be mentioned that the figures furnished by Hindia, Bellare and Coimbatore for the first three years were 127½, 230 and 250 reams respectively, these districts have already received 250, 350 and 240 reams respectively, and further demands have been received for 300 reams for Bellare and 150 for Coimbatore.

4. In several cases it has been found impossible to comply with indents in full, and in order to meet the growing demands I have found it necessary to place a further order for 100 bales, or 6000 reams, with the Witeghur Mills Company. This amount, it is hoped, will suffice for the current official year.

5. With a view to encourage competition among the various Mills in India for the supply of this paper, I have the honour to suggest that I should be authorized to include it in my next call for tenders for the supply of all papers required during 1899-1900; and that, meanwhile, I should inform the Mill Companies that this will be done so as to give them sufficient time to make any necessary arrangements. I may mention that it takes some months to obtain from England the "dandy roll" for impressing the paper with the special watermark. I would, therefore, solicit early orders on this reference".

Resolution.

Submitted to Government.

2. The action of the Superintendent of Stationery in placing a further order for 100 bales or 6000 reams of watermarked paper with the Witeghur Mills Company may be approved; and he may be authorized to include watermarked paper in his next call for tenders for the supply of all papers required during 1899-1900.
