REVENUE BOARD OFFICE MADRAS

Proceedings of the Board of Revenue

(Land Revenue). R. No. 293 Mis of 5.5.98

Read Endorsement by C.E. Brandis Esqr Conservator of Forests Southern Circle dy 5.4.98 R. No. 2837 forwarding Letter from J.G.D. Paterson Esqr Collector of Madura dy 27.3.98 Ref R. No. 1760/Forest

Resolution

It is observed from the amended boundary description and the revised sketch now furnished by the Collector that the proposed revised boundary apparently falls within the boundary as originally proposed. The Forest Settlement officer will accordingly be requested to show cause why an amended boundary description should not be dispensed with and why the notification under sec: 16 issued without further delay.

READ— Letter from the J. Comptroller Esqre, Forest Settlement officer Trichinopoly etc, District dy 31-5-98, Reference 1436

Reference No. 267 dated 24-6- 1898.

Submitted for the orders of Government.

2. The reservation of the Kopiswaramalai block in the Dindigul taluk, Madura District, was approved in G.O. No. 442 dy. 4th May 1892 under which the sec: 4 notification was ordered to be published. It was subsequently found by the D.F.O. that the description of the boundary in the notification as already published was vague in certain respects and, at his instance, the Collector submitted an amended description in respect of a portion of the northern boundary. As some other discrepancies also were pointed out by the Forest Settlement officer, the Board called for an amended description of the entire boundary. In his letter No. 1760 dated 27th March 1898, the Collector submitted a fresh description together with a revised sketch indicating therein the original

original and revised boundaries; but as the revised description and the sketch showed the revised boundary to fall within the boundary as originally proposed, the Board doubted the necessity for the publication of an amended description and informed the Forest Settlement officer accordingly. In the letter last read above, however, the Forest Settlement officer reports that the original boundary as shown on the sketch does not follow the description in the initial notification and adds that it is impossible definitely to affirm that the proposed final boundary line falls within the boundary originally intended to be notified. In these circumstances the Board agrees with the Forest Settlement officer in considering that an amended notification is necessary and resolves to forward the amended statement of boundaries, submitted by the Collector to Government for approval and publication in the Fort Saint George Gazette.
