This extent being the same as that initially notified, it is apparent that the exclusion of about 25 acres made at settlement have not been taken into account in estimating the area of the block as finally settled. It is also noted that the block though it was recorded as lying in the Dharmavaram taluk in the notification under section 4, is now reported to be in the Kalyandrug taluk. The area statement now furnished, however, shows that the block is situated in the Dharmavaram and Kalyandrug taluks. The Collector is requested to report on these points.
