SIR,

Simla, the 18th July 1898

With reference to my Circular letter No. 7/122-2

dated the 19th October 1897, I am directed to invite your attention to the Bill "To make better provision for the regulation of the importation of live stock" which has been introduced into the Council of the Governor General of India for making Laws and Regulations, and has been published in the Gazette of India. It is proposed to pass the Bill about the middle of August, and it is desirable that the rules which Local Governments are empowered under section 4 to make should be ready to be notified and put into force as soon as the Bill becomes law. The rules do not require the previous sanction of the Government of India, but I am to request that when they are ready, copies may be submitted for information. The question of the appointments to be made by the power conferred in section 4 should also be disposed of in anticipation of the passing of the Bill.

2. I am to forward copy of amended "draft provisions" which were framed after the opinions of the several Local Governments which had been consulted were obtained. These provisions will indicate the matters which the rules should provide for, the provisions of the Bill having been made as brief and general as possible.
