SUBJECT.

Submitting with remarks, to Govt plans and estimates amounting to Rs. 21500 for the construction of a new Deputy Tahsildar's office at Chintalapudi, Godavari District.

BACK PAPERS.

G.O.	No.	Department.	Date.

FURTHER PAPERS.

G.O.	No.	Department.	Date.

Read B.P. Ref. No. 668 (Cus 4421).
18.6.98

Note.

In G.O. No. 4592 of 16.11.96, the Government approved the Collector's proposal for the construction of a new office for the Deputy Tahsildar at Chintalapudi according to the Standard design ^{and in} ~~as per~~ G.O. No. 3420 W of 30.11.96, this order was communicated to the Superintending Engineer, I Circle, for the submission of the necessary plan and estimate. These are submitted to Government with the B.P. read above. As the building is to be constructed according to the Standard design for second class Tahsildar Offices, approved in G.O. No. 2381 of 28.9.95, no separate plan of the building is submitted. The amount of estimate for the ^{new} building is Rs 21,500, which provides for the following :-

- (a) Chik-cherry - Rs 17,940
- (b) Cook-house - Rs 850
- (c) Latrine - Rs 190
- (d) Wire-fencing & road - Rs 1,100

(e) Recond. racks. Rs 5.50
 (f) Compensation for land. Rs 170
 (g) Masonry wall Rs 700
 Total Rs 2,150.00

2. (A) Cutcherry. The estimate for a second class Taluk Office with tiled roofing ^{with flat & gables} is, according to the Schedule of Quantities circulated with G.O. No 889 W. 11.3.96, Rs 15,500; ~~and~~ the estimate for the Chintalapudi Dy Subdivision Office is therefore Rs ²⁴⁴⁰ ~~20,000~~ in excess of the standard estimate. The difference ^{appears to be} due to local conditions and rates, but the rates under the following items appear ~~to be~~ very high:-

Description of work.
 (1) Cuddapah slabs ^{for} ~~and~~ ventilators, including fixing with chunam. - per 100 sq. ft.
~~24-8-0~~
~~for the insulating slabs & repairs~~
 (3) Terraced roofing &c. per 100 sq. ft.
 27-0-0
 Stone instead of brick is proposed to be used for the new building for archwork and flooring (part) and this also accounts for some part of the increased cost. It is presumed that these

These are matters entirely for the P.W.D. Illu

matters will receive ^{serious} attention in the P.W.D.

(c) Latrines. (Rs 190). In G.O. No 1756 Fudl of 10.12.97, the Government desired that, for purposes of conservation, ^{the use of} ~~the use of~~ moveable ~~trench~~ ^{trench} latrines of the system of 'Camp Conservation' be experimentally tried in each sub-jail, and the attention of the P.W.D. was also drawn to a proposal of the Inspector-General of Prisons that "where sub-jails are being newly built, the latrines might be removed from the estimate and the sub-jail Officers directed to introduce the moveable trench system." The Board of Revenue has drawn the Collector's attention to this order and directed him to report whether the systems of Conservation referred to in that order are not suitable in the present case. This report may be awaited.

(d) Wire fence. There is a pencil entry "at the foot of

Read RP Ref: No. $\frac{668}{18-6-98}$ (C. No. 4421)

G. O. mis No: 3152 d/27th July 18;

The estimates submitted with the above proceedings are approved subject to the modifications noted below, and transferred to the R. W. D.

(c) the provision for a ^{sub-jails} latrine should be ~~about~~ ^{omitted} pending the report called for by the Board from the Collector as to the suitability or otherwise of the system of conservancy referred to in G. O. No 1756 Judd of 10-12-97.

(2) The provision for a wire-fence should also be ^{omitted} ~~about~~ and ~~another~~ for a mud or a stone wall ~~substituted in~~ provided instead.

Leig

The latrine may be cut out pending the collector's report as to the possibility or otherwise of using the trench system.

The question of substituting mud or stone walls for wire fences round public buildings in the municipal is under consideration in the P. W. D. In the present case nothing has been built yet; & in these circumstances it is submitted that the
