Sir,

In reply to G. O. No. 487/M dated 3rd March 1898 I have the honour to state that no public garden has been maintained in this Municipality and consequently no seeds or bulbs have been sent for from foreign countries. It is true

that in the budget for 1897-98 provision was made for starting a public garden, but the idea has not been carried out as all the money available was required for more important and pressing purposes.

The following letter will be addressed to the Government of New South Wales.

(Intld.) N. E. M.
27/7/98.

3193.

Letter No. ~~395~~

To

The Colonial Secretary,
New South Wales.

Sir,

I am directed by His Excellency the Governor of Madras in Council to furnish your Government with the information regarding the public and municipal gardens in this Presidency, which was asked for by the Agent General for New South Wales in his letter to the Colonial Office No. 5345 dated 19th July 1897.

2. The only gardens maintained by

e Government of Madras are

(i) the Botanical Gardens at Ootacamund, Nilgiri Hills,

(ii) Sim's Park, Coonoor, Nilgiri Hills

(iii) the experimental gardens at Burlyar, Nilgiri Hills, and

(iv) the Agricultural farm and gardens attached to the College of Agriculture, Saidapet, Madras.

The first three are under the superintendence of the Curator, Government Gardens and Parks, Ootacamund, while the fourth is managed by the Principal of the College.

3. The amount spent in the purchase of seeds and plants for the gardens managed by the Curator amounted in 1896-97 to Rs. 3782-10-10, the larger portion of which was incurred in the purchase of seeds &c. from England, and the rest in purchases locally.

As regards the Agricultural farm and Botanical garden at Saidapet, seeds, plants and bulbs are rarely imported from abroad for the use of these gardens, the requirements being met from the produce of the garden itself and by purchase from other gardens in India.

4. The following Municipalities in this Presidency maintain public gardens:-

Madras City
Trichinopoly
Bellary
Salem
Masulipatam
Tuticorin
Negapatam
Vizagapatam
Walajapet
Tanjore
Rajahmundry.

The control of the gardens in the City of Madras rests with the President of the Municipal Commission, and in the case of the other Municipalities rests with the Chairman of the Municipality. At present none of these Municipalities obtain seeds or bulbs from foreign countries.

5. Besides the above public gardens maintained by the Government or by Municipalities, it may be mentioned, that the Madras Agricultural and Horticultural Society whose gardens are situated in the City of Madras, under the superintendence of Mr. Cleeson, imports seeds and bulbs from abroad though in no very great quantities.
