DECEMBER.

Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 16 of the Madras Forest Act for the constitution of the Golla block, in the Kalyandrug taluk, Anantapur district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE (LAND REVENUE).

READ--the following letter from R. H. SHIPLEY, Esq., Acting Collector of Anantapur, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Northern Circle), dated 19th August 1897, Dis. No. 192-Forest:--

I have the honour to forward, herewith, the papers relating to the final reservation of Golla reserve in Kalyandrug taluk.

2. I attach a copy of a statement furnished by the Tahsildar of Kalyandrug showing the area, population, &c., of the villages which are directly concerned in the reservation of this block for information.

ENCLOSURE No. 1.

From E. A. SMITH, Esq., Special Deputy Collector on Forest Settlement Duty, Nellore, &c., districts, to the Collector of Anantapur (through the District Forest-officer, Anantapur), dated Camp, Nellore, 21st May 1897, Ref. on Cur. No. 11.

I have the honour to report the conclusion of the settlement of the proposed Golla reserve in the Kalyandrug taluk of your district.

2. The initial notification under section 4 of the Madras Forest Act proposing to constitute this area into a reserved forest appeared in the *Port St. George Gazette*, dated 8th January 1895, and the proclamation under section 6 of the Act was published in the District Gazette, dated 6th June 1895. The time allowed for the presentation of claims expired on the 6th September 1895.

3. I was originally appointed to settle this block and afterwards Mr. McMurray and in notification published at page 1241 of the *Port St. George Gazette*, dated 5th November 1895, the block was retransferred to me.

4. The block was inspected, perambulated and enquired into by me in January 1897, and thirty-two claims were preferred for the following rights:--

- (1) Eleven claims to patta, sivoijama and inam fields.
- (2) Eight claims to rights of way to them.
- (3) Thirteen claims to other rights or way.

Of the eleven claims to patta, sivoijama and inam fields, eight claims were admitted and the remaining three claims were rejected, as the claimants do not hold patta for the fields claimed. Of the eight claims admitted, the fields in three claims have been acquired under the Land Acquisition Act on payment of money compensation, while the fields in the remaining five claims have been excluded by an alteration of the boundary of the reserve. The claims to rights of way to those fields involved in item No. 2 were rejected as unnecessary. The thirteen claims to eight rights of way involved in item No. 3 were admitted.

5. The block is thus free of all rights except those stated above.

6. The following are submitted herewith:--

- (i) A signed copy of the B register of claims.
- (ii) The draft notification under section 16.
- (iii) The sketch-map of the reserve.
- (iv) The numerical statement of claims.

7. The date from which reservation is to take effect has to be inserted in the draft notification.

RESOLUTION—Forest No. 539, dated 8th December 1897.

Submitted to Government for approval and publication of the draft final notification in the *Fort St. George Gazette*, with the recommendation that the 31st March next be fixed as the date from which the reservation shall take effect.

2. (i) *Claim 4-3*.—It is not stated in the draft notification to what width the path dealt with in this claim has been allowed and to whom the concession is granted. The Board has supplied the omission.

(ii) *Claim 5-7*.—The extent of the land dealt with should have been given in the B. register.

(iii) *Claim 25-24*.—Though the extent of the land acquired is given as 19 acres in column 4 of the register, it is recorded as 22.30 acres in the sketch-map. The discrepancy requires explanation.

3. Notwithstanding the exclusions made at settlement, it is observed that the area as finally settled is the same as that initially notified. The block which was reported to lie in the Dharmavaram taluk is now said to be situated partly in this and partly in the Kalyandrug taluks. The Collector is requested to report on the point.

Reserved Forest.

The draft notification, under section 16 of the Madras Forest Act, for the constitution of the Golla block, in the Kalyandrug taluk, as a —, ordered to be published in the Fort St. George and the Anantapur District Gazettes.

GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 539, dated 8th December 1897:—

Read—the following letter from R. H. SHIPLEY, Esq., Acting Collector of Anantapur, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Northern Circle), dated 19th August 1897, Dis. No. 192-Forest:—

I have the honour to forward, herewith, the papers relating to the final reservation of Golla reserve in Kalyandrug taluk.

2. I attach a copy of a statement furnished by the Tahsildar of Kalyandrug showing the area, population, &c., of the villages which are directly concerned in the reservation of this block for information.

ENCLOSURE No. 1.

From E. A. SMITH, Esq., Special Deputy Collector on Forest Settlement Duty, Nellore, &c., districts, to the Collector of Anantapur (through the District Forest-officer, Anantapur), dated Camp, Nellore, 21st May 1897, Ref. on Cur. No. 11.

I have the honour to report the conclusion of the settlement of the proposed Golla reserve in the Kalyandrug taluk of your district.

2. The initial notification under section 4 of the Madras Forest Act proposing to constitute this area into a reserved forest appeared in the *Fort St. George Gazette*, dated 8th January 1895, and the proclamation under section 6 of the Act was published in the District Gazette, dated 6th June 1895. The time allowed for the presentation of claims expired on the 6th September 1895.

3. I was originally appointed to settle this block and afterwards Mr. McMurray and in notification published at page 1241 of the *Fort St. George Gazette*, dated 5th November 1895, the block was retransferred to me.

4. The block was inspected, perambulated and enquired into by me in January 1897, and thirty-two claims were preferred for the following rights:—

- (1) Eleven claims to patta, sivoijama and inam fields.
- (2) Eight claims to rights of way to them.
- (3) Thirteen claims to other rights of way.

Of the eleven claims to patta, sivoijama and inam fields, eight claims were admitted and the remaining three claims were rejected, as the claimants do not hold patta for the fields claimed. Of the eight claims admitted, the fields in three claims have been acquired under the Land Acquisition Act on payment of money compensation, while the fields in the remaining five claims have been excluded by an alteration of the boundary of the reserve. The claims to rights of way to those fields involved in item No. 2 were rejected as unnecessary. The thirteen claims to eight rights of way involved in item No. 3 were admitted.

5. The block is thus free of all rights except those stated above.

6. The following are submitted herewith:—

- (i) A signed copy of the B register of claims.
- (ii) The draft notification under section 16.
- (iii) The sketch-map of the reserve.
- (iv) The numerical statement of claims.

7. The date from which reservation is to take effect has to be inserted in the draft notification.

Forwarded.

Resolution—Forest No. 539, dated 8th December 1897.

Submitted to Government for approval and publication of the draft final notification in the *Fort St. George Gazette*, with the recommendation that the 31st March next be fixed as the date from which the reservation shall take effect.

2. (i) *Claim 4-3*.—It is not stated in the draft notification to what width the path dealt with in this claim has been allowed and to whom the concession is granted. The Board has supplied the omission.

(ii) *Claim 5-7*.—The extent of the land dealt with should have been given in the B. register.

(iii) *Claim 25-24*.—Though the extent of the land acquired is given as 19 acres in column 4 of the register, it is recorded as 22-30 acres in the sketch-map. The discrepancy requires explanation.

3. Notwithstanding the exclusions made at settlement, it is observed that the area as finally settled is the same as that initially notified. The block which was reported to lie in the Dharmavaram taluk is now said to be situated partly in this and partly in the Kalyandrug taluks. The Collector is requested to report on the point.
