No. 1838-F.

GOVERNMENT OF INDIA.

MILITARY DEPARTMENT.

Simla, the 8th July 1898.

To THE SECRETARY TO THE GOVERNMENT OF BENGAL,  
Financial Department.

Sir,

I am directed to acknowledge receipt of your letter No. 1800-Mis., dated the 17th March 1898, proposing that the price of locally-manufactured quinine, supplied to medical depôts, should be fixed at the end of each official year, on the basis of the average price of Messrs. Howard and Son's quinine for the preceding twelve months.

2. In reply, I am to say, for the information of His Honour the Lieutenant-Governor, that the above procedure would result in considerable delay in the adjustment of charges, as the bills for supplies of quinine could not be made out until after the close of each official year.

3. The Government of India therefore consider that the average of the rates prevailing for Messrs. Howard and Son's quinine during the twelve months of each calendar year should be adopted in fixing the rate for locally-manufactured quinine for the official year. For instance, the average rates prevailing from 1st January to 31st December 1898, would govern the rate for the official year 1898-99.

4. This arrangement would allow sufficient time for the preparation of bills and the adjustment of charges before the close of each official year, while ensuring a reasonably fair rate for the valuation of quinine, locally manufactured during the year.

I am, &c.,

(Sd.) W. R. L. ANDERSON,

Offg. Depy Secy. to the Govt. of India.
