Famine returns.—Issuing instructions for the submission of certain —

PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

RESOLUTION—No. 116, dated 10th March 1898.

The returns prescribed by the Famine Code do not show insufficient detail the numbers relieved and the expenditure incurred on account of distress: and great difficulty and delay were experienced in obtaining additional information required for budget purposes, and for the compilation of the famine report and the statements required for the Famine Commission. Fuller details are also required to enable the Board to exercise the control over famine expenditure contemplated in G.O., No. 33, Financial, dated 15th January 1898. The forms of accounts given in Appendix C to G.O., No. 470, dated 12th June 1897, are too elaborate and difficult to compile, and do not at the same time show all the particulars required. These have therefore been recast in the Board's office, and the revised forms are appended to these proceedings (Appendix A). The Collectors of districts in which famine expenditure is incurred are requested to submit monthly accounts in these forms by the 5th of the month succeeding that to which they relate.

2. These accounts should be accompanied by statements showing average and total number of persons relieved in the form given in Appendix B.

3. In the case of establishments entertained or dispensed with during the month, the dates on which they were entertained or done away with should invariably be noted in Account Nos. 33-A and 33-G. (Appendix A).
