reservation for the S. Canara district approved by the Govt. Contained in G.O 108 of 11.3.96. The Mangar and the Middle blocks are proposed for reservation. are not included in the list of blocks in the Puttur (or Uppinangadi) Taluk printed on page 4 of the B.S. Reference and the G.O., but from the Collector's letter printed on page 4 of G.O. No. 220 of 23.4.98 and the Board's Resolution on page 5 it will be seen that in making final selection in some cases new blocks had to be selected in lieu of those named in G.O 108 of 11.3.96 while in others different names had to be adopted.

2 The two blocks now proposed to be notified under section 4 seem to be new selections (having been made in September 1897) which have not previously been before the Govt. They appear to have been the blocks selected in lieu of the blocks mentioned in the list printed on page 4 of S.O 108 of 11.3.96.

See the selection may be approved & notification published *11/3/98*
