Proceedings of the Board of Revenue

(Separate Revenue.)

Dated 27th September 1898.

Mis.No. 3795.

Read the following letter from F.C.Parsons Esquire, I.C.S., Acting Collector of Malabar, Fur: Ref: on Cur:1542/R.98, dated 18th September 1898:-

" Of the seventeen outlying pattoms attached to the British Cochin Taluk, only eleven are now sold under the joint arrack and toddy renting system. In the remaining six pattoms, no abkari

revenue is raised. On my recent tour to Cochin, I visited the island of Ramanthuruthi, where I noticed that the lessee of the island who had been granted permission by Mr. Dance to tap not more than

five coccanut trees for toddy for the domestic consumption of the coolies working under him, had seventeen trees tapped and was practically having a shop. I have since made enquiries and ascertained that there is no objection to bringing these pattoms also under the same abkari system as the other pattoms. The lessee of Ramanthuruthi is willing to pay a fee for the privilege of tapping in the island. Though the pattoms are small, I see no reason why the Government should forego what revenue these six pattoms will fetch.

I request that if the Board approves of the proposal, I may be permitted to rent the abkari privileges in the pattoms from 1st October next".

RESOLUTION:-

Submitted to Government for favour of early orders.

2. In the circumstances stated by the Collector, the Board approves of the Collector's proposal to extend the combined arrack and toddy renting system to the remaining six outlying pattoms of British Cochin.

3. The following telegram will be sent to the Collector of Malabar:-

" Your proposal in No.1542 dated 18th September approved in anticipation of Government sanction"
