Copy of letter from the Collector of Madras, to the Joint Secretary to Government, Public Works Department, Railway Branch, Madras, Refr. N^o 1258, dated 3rd September 1898.

Adverting to the correspondence ending with G.O. N^o 173 R, dated 17th March 1897, I have the honour to state that the extent of land still to be required for the Washermanpet Salt Lake loop line as per requisition of the Consulting Engineer for Railways made in January 1896 is 2 Cawies 15 grounds and 146 $\frac{3}{4}$ Sq ft, which is made up of 5 blocks. Of this an area of 3 grounds and 120 $\frac{1}{4}$ Sq ft forms part of a Municipal Road and need not be required as it will not be interfered with. Of the remainder, 19 grounds and 1502 Sq ft is Government land but in private occupation to the extent of 12 grounds and 1842 Sq ft, on which 3 Channai Kilus and a tiled building now stand, and the remaining area of 6 grounds and 2060 Sq ft is vacant. The rest of the land is private property and it measures 1 Kani 15 grounds and 2240 $\frac{3}{4}$ Sq ft. They to submit for approval and publication in the Fort Saint George Gazette two draft notifications under the Land Acquisition Act for acquiring the private land and then the Channai Kilus and the tiled building on the Government land. The Channai Kilus have been included in the draft notification on the analogy of similar cases inserted in the notification disposed of in the G.O. quoted above. The tiled building

however, appears to be an unauthorized construction but the question of paying any compensation at all will be fully gone into and disposed of when actually taking it up.

I also solicit sanction to hand over to the Railway Department the extent of 1980 acres and 1502 sq ft of Government land referred to above.

3. The connected papers as per accompanying list are forwarded for reference and return.
