FROM

E. MACONCHIE, Esq., I.C.S.,

Under-Secretary to the Government of India,

To

The Secretary to the Government of Madras.

Calcutta, the 24th March 1898.

SIR,

By this Department's Circular No. 4/11-4 dated 12th February 1898 Local Governments were authorized to defer sending up their proposals for the revision of the Famine Codes till the recommendations of the Famine Commission had been received and circulated by the Government of India.

2. It has been represented by the Famine Commission that they would be very greatly assisted in their enquiries were they given access to the information which has been collected by Local Governments in the course of preparing the Final Famine reports and elaborating the suggestions for future procedure, and that it would further be advantageous that when forming their conclusions they should be acquainted with the lines which the recommendations of Local Governments will follow. It is obviously desirable that the information with which the Commission is dealing should be as complete as possible and I am to request that copies of all papers which will be of service to the Commission may be forwarded to the Government of India without delay, together with any preliminary observations which it may seem convenient to offer in anticipation of the formal expression of the views of the Governor in Council.
