OCTOBER.

Communicating to all Collectors, Conservators of Forests, and Forest Settlement-officers. Government Order, Revenue Department, communicating Government Order, Financial Department, regarding the necessity for the practice of the strictest economy in view to limiting the expenditure to the budget grants, &c., and requesting Collectors to report at a very early date the amounts that can be surrendered by them from the provision made for their districts under the several detailed heads of charges enumerated in the statement appended to Board's Proceedings, No. 180, dated 15th July 1898.

PROCEEDINGS OF THE BOARD OF REVENUE
(LAND REVENUE).

READ—the following Government Order, Mis. No. 3848, Revenue, dated 27th September 1898:—

Read—the following Government Order, No. 792, Financial, dated 14th September 1898:—

Order—No. 792, Financial, dated 14th September 1898.

The low state of the Provincial balances, the expenditure which will be necessary in connection with plague operations, and the possibility of an extension of famine relief operations render it incumbent that all expenditure which is not absolutely necessary should be curtailed. The Governor in Council draws the attention of all departments and heads of departments to this matter in view to the strictest economy being practised. Excesses over budget grants in the current year will not be permitted unless such excess can be clearly shown to be due to famine or plague or to both these causes. All controlling authorities will scrutinize expenditure closely in order to ensure that these instructions are carefully observed and that all available surrenders are reported as early as possible.

2. In submitting budget estimates for 1899-1900, heads of departments will not include any proposals in regard to increases of expenditure which are not covered by corresponding increases of revenue. Any schemes sanctioned but not yet introduced should be excluded from the estimates proper, but should be added as an appendix to the same in the recognized budget forms.

RESOLUTION—No. 271, dated 12th October 1898.

Communicated to all Collectors, Conservators of Forests and Forest Settlement-officers.

2. Their special attention is invited to the direction of Government that applications for additional allotments should not be submitted unless such excess can be clearly shown to be due to famine or plague or to both these causes. The Board presumes, however, that Government does not intend to prohibit the incurring of expenditure in cases where it is necessary to spend a small sum now in order to save a large outlay in the near future.

3. Collectors are requested to report, at a very early date, the amounts that can be surrendered by them from the provision made for their districts under the several detailed heads of charges enumerated in the statement appended to Board's Proceedings, No. 180, dated 15th July 1898.
