PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

Endorsement of the Revenue Department, No. 4122 Mis., dated 21st October 1898, ^{transferring} on Proceedings of the Board of Revenue (Separate Revenue), Mis. No. 3898, dated 1st October 1898:—

Read letter from J. F. Atkinson Esquire, I.C.S., Superintendent of Stationery, Madras, No. 566, dated 26th August 1898, stating that his office is authorized to supply 2 foot rules and measuring tapes only to minor Irrigation Overseers.

Resolution:—

In July last the Board sent an indent to the Superintendent of Stationery, in accordance with long standing practice, for 50 feet measuring tapes and 2 feet folding foot-rules for use by its subordinates. The Superintendent in his letter read above refused to comply on the ground that Appendix U on page 74 of the "Stationery Rules" limits the supply of the above articles to minor Irrigation Overseers.

2. On a representation made to Government that the Salt Department was required to make surveys and run lines of levels and that drawing and mathematical instruments were necessary for the purpose, it was ordered in Government Order No. 1181 Revenue, dated 15th March 1883, that they should be supplied

supplied. The Département now undertakes building of all kinds and 50 feet tapes and footrules are constantly in requisition. The Board, therefore, begs that orders may issue to the Superintendent to revise the Rules in question so as to include the Salt Département as one of those to which the articles mentioned in the Government Order above referred to and measuring tapes and footrules shall, in future, be supplied.

O R D E R:-No.981,dated 1st November 1898.

The Superintendent of Stationery will be authorized to supply the articles in question to the Salt Département, and will note the addition to be made to the Stationery rules.
