SUBJECT.

Submitting for the information of Government, letter from the Collector of Madura, requesting to strengthen the establishment under the Special Executive Engineer, and stating that speedy arrangements for the supply of Periyar water to the large area of waste recently sold by auction, appears to be a matter of urgent importance.

Order

DNW. as per remarks

DNW. in

I should be glad if a copy of these resolutions Proceedings and of Proceedings No 741 dated 13.5.98 and 217 of 15 Aug. 1898 to enable me to make full enquiry. I have heard no complaints recently of want of establishment. The want of labour appears to be a standing difficulty. The supply of water to all lands which the ryots are ready to cultivate is no doubt an urgent matter but special arrangements cannot be made for the purchase of lands - all the lands in any tract must be provided by together estimates for draining tanks

beds are being held over pending reply to a reference made to the Board of Revenue. I will write further papers which are with the ^{Secretary} Board and also some notes on the question. I may mention that as a rule old cultivation under the tanks will be supplied by existing sluices. In fact the water level of the tanks will merely be lowered to a certain extent, leaving dry a portion of the beds.
