Extract para 1 "Land" of the Progress Report Calicut-Cannanore Railway for the month of October 1898.

Land.

Most of the land between Calicut and Ellatur (8 Miles) and up to 9½ miles has been handed over to us and the Revenue sta is working between Ellatur and Quilandy. During October we received 41.88 acres making a total of 185.88 acres. There are still a few houses, claims for which are under dispute on the ground acquired. At Korapaya there is a Government distillery the lease for which expired on the 30th September and as the building is in our centre line, notice was given to the parties concerned that they would have to vacate the premises after that date. So all vats, fittings,&c, belonging to the occupants were removed and the distillery building was advertised for sale with other buildings by auction, but just a day before the sale a reference was made to the Collector from Madras enquiring if the distillery could not be allowed to remain undisturbed for some time longer so the building was not disposed of pending orders. It is greatly in our way and it would be useless to set it working again.
