Communicating to all Collectors, the Superintendent of Stamps, and Deputy and Assistant Commissioners of the Salt, Abkari and Customs Department Government Order drawing the attention of all departments to the necessity for practising the strictest economy in expenditure.

PROCEEDINGS OF THE BOARD OF REVENUE
(SEPARATE REVENUE).

Read—the following G.O., Mis. No. 3848, Revenue, dated 27th September 1898:—

Read—the following G.O., No. 792, Financial, dated 14th September 1898:—

Order—No. 792, Financial, dated 14th September 1898.

The low state of the Provincial balances, the expenditure which will be necessary in connection with plague operations, and the possibility of an extension of famine-relief operations render it incumbent that all expenditure which is not absolutely necessary should be curtailed. The Governor in Council draws the attention of all departments and heads of departments to this matter in view to the strictest economy being practised. Excesses over budget grants in the current year will not be permitted, unless such excess can be clearly shown to be due to famine or plague or to both these causes. All controlling authorities will scrutinize expenditure closely in order to ensure that these instructions are carefully observed and that all available surrenders are reported as early as possible.

2. In submitting budget estimates for 1899-1900, heads of departments will not include any proposals in regard to increases of expenditure which are not covered by corresponding increases of revenue. Any schemes sanctioned but not yet introduced should be excluded from the estimates proper, but should be added as an appendix to the same in the recognized budget forms.

- " Superintendent of Revenue Survey.
- " Inam Commissioner.
- " Government Botanist and Director, Government Cinchona Plantations.

RESOLUTION—No. 326, dated 31st October 1898.

Communicated to all Collectors, the Superintendent of Stamps and the Deputy and Assistant Commissioners of the Salt, Abkari and Customs Department for information and guidance.

2. All officers of the department are requested to exercise very careful scrutiny over miscellaneous contingent expenditure under their control and also to effect as much saving as possible in the allotment for works which, from causes now unforeseen, they may find unnecessary.

3. Collectors of Maritime Districts are requested to state whether any works under "Petty Construction and Repairs," sanctioned for execution in 1898-99, or provided for in the budget of 1899-1900 (as per list enclosed) can be profitably postponed and to report as early as possible all available surrenders of funds sanctioned for the current year.

4. With reference to the Government Order read above, and in continuation of paragraph 1 of Board's Proceedings, No. 304, dated 7th October 1898, the Board begs to submit, as regards 5.—Salt, that in view of the large reductions already made in the Board's original estimate of charges in G.Os., No. 1070, Revenue, dated 18th December 1897, and No. 168, Financial, dated 19th February 1898, it is practically impossible to effect any further reductions, and that no more savings than those reported in the Board's Proceedings referred to above can be effected. The Board similarly does not expect any savings under either 6.—Stamps or 10.—Assessed taxes.
