as to what other information should first be called for whether the theft was caused by any neglect of rules or negligence on the part of the ryot (please see section 141 of the Forest Code, page 58).

Yes

The local authorities may therefore be trusted to have satisfied themselves on this point & prima facie it does not look a case of fraud; the ryot will not dare to pretend that so much as 1300 ℔ of his own sandalwood was also stolen. Please see draft for approval. Illegible
