Resolution in this Department, No 1321, dated the 19th July 1872

Resolution—In supersession of the orders contained in the resolution read in the
preamble, His Excellency the Governor-General in Council is pleased to prescribe
the following rules for calculating the capitalized value of all permanent periodical
payments to or by Government—

(1) When Government is entitled to receive a periodical payment in perpetu-
ity, and existing orders authorise the commutation of that payment
for a single payment, the said single payment should not be less than
twenty times the amount annually paid. If the payer is not willing to
commute at this rate, the right to receive periodical payment should
not be given up.

(2) When Government is under an obligation to make a periodical payment
in perpetuity, and existing orders authorise the commutation of that
payment for a single payment, the said single payment should not be
more than twenty times the amount annually paid. If the payee is not
willing to commute at this rate, the system of periodical payment should
continue

2 The above rules apply only to cases of actual commutation of payment. They
do not affect any orders relating to the valuation of a grant, assessment, or other
concession or demand, when such valuation is made for official purposes only, and not
for the calculation of an actual payment.

3 Remissions of land revenue when made in the case of land taken up for a
public purpose should be valued at twenty five times the annual amount of land
revenue remitted.

Order—Ordered that this resolution be communicated to the several Departments
of the Government of India, to all Local Governments (except Bengal) and adminis-
trations, to the Government of Bengal with reference to its letter No 4681-F, dated
