1898.

Court of Wards,

MADRAS.

Printed November 11th

Proceedings, No. 6, Press, 13th September 1898.

SEPTEMBER.

Accepting the recommendations of the Collector of Tinnevelly regarding the subsequent inams in the Ettiyapuram estate.

PROCEEDINGS OF THE COURT OF WARDS

READ—again the following Proceedings of the Court of Wards, Mis No 1474, dated 20th September 1897 —

Read—the following letter from A W B HIGGENS, Esq , Collector of Tinnevelly, to the Secretary to the Court of Wards, dated Nángunéri, 2nd September 1897, No 341 of 1896 —

I have the honour to submit two statements of alienation, marked A and B, made subsequent to the permanent settlement in the estate of Ettayapuram, the former showing grants made for *quasi* public service and the latter, purely for personal service rendered to the zamindar The last column of the statement contains the manager's recommendation, as to whether the inam should be continued or resumed, in which I agree

2. In accordance with the opinion of the Government Pleader, embodied in Court's Proceedings, No 3408, dated 16th October 1893, alienations made by the holder of an impartible zamindari are binding on his son succeeding to the estate. Certain classes of alienations which are transfers of the nature of leases are however resumable under certain conditions These alienations are (*a*) where the inams are granted and held for the performance of services to the zamindar himself, (*b*) where the inams have been granted for a *quasi*-public service, and the performance of service has ceased to exist and there is express provision for resumption, and (*c*) where grants of lands free of rent or on favourable rent have been made and are held by sufferance Enquiry was therefore instituted only into cases falling under (*a*), (*b*) and (*c*) There are no cases falling under clause (*c*) The results of enquiry into cases falling under (*a*) and (*b*) are embodied in the statements above referred to The statements show cash allowances as well as land inams, as the former are technically alienations of a portion of the annually accruing income of the estate.

3. It will be observed from the statement A that a very large number of alienations have been made for the support of the offices of karnam, ambalagar, kavalgar, &c These alienations must in the majority of cases be continued and they will probably disappear on the introduction of Act II of 1894 under which a cess will be imposed on the zamindar In cases, however, in which such servants are found in excess of present requirements, the grants made by the zamindar for the maintenance of their offices are recommended to be resumed.

4 It is observed that subsequent to the permanent settlement several entire villages were alienated by former zamindars in favour of certain temples and chattrams as particularized in the margin. These alienations partake of the nature of religious or charitable *endowments* and are absolute in nature Minor alienations in these villages made in favour of a specific temple, chattram or village service have been included in the statements

	No of villages
Kalugumalai temple	16
Kumara Ettiyapuram temple	2
Ettiyapuram temple ..	3
Chattrams at Ettiyapuram and Vedanattam ...	2

5. I regret the delay in submitting this report. The enquiry was practically started only by the present manager. The manager's report was received in December 1896 and further references had to be made to him. The final report was received on the 5th August 1897

ENCLOSURE No 1

STATEMENT A.—Statement showing alienations which it is open to the minor zamindar to question or rescind (cases of *quasi*-public service tenure)

Serial No	Number of the village.	Name of the village.	Date of alienation or grant as far as is known. Resolution—MIS No 1474, dated 20th September 1897

It is observed that the statements forwarded with the above letter are incomplete, inasmuch as they do not show the items of alienation referred to in the marginally-noted papers. The Collector is requested to submit at an early date supplemental statements in the forms printed as appendices to Board's Standing Order No 216 (*New Edition*) The question of alienations does not appear to have been dealt with * when the estate was formerly under management

Paragraphs 30 to 32 of the Ettiyapuram Manager's letter in Court's Proceedings, No 3442, dated 20th December 1878

Paragraph 5 of the Ettiyapuram Manager's letter No 18, dated 20th August 1890, printed in Court's Proceedings, No 3125, dated 1st December 1890 as also paragraph 1 of that Resolution

Paragraph 1 of Court's Proceedings, No 2125, dated 10th August 1891

Court's Proceedings, No 838, Routine, dated 10th August 1897

Paragraph 1 of the Collector's present letter

* *Vide* paragraph 30 of the Manager's letter printed in Court's Proceedings, No 2220, dated 30th June 1892

2 The Collector's recommendations in regard to the items shown in the two statements accompanying the above letter are accepted The Collector's attention is however drawn to paragraph XI of the opinion printed in Court's Proceedings, No 3408, dated 16th October 1893, under which a notice should be given to the persons concerned before service grants are resumed.

(True Copy and Extract.)

(Signed) R C. C CARR,
Secretary

To the Collector of Tinnevelly

READ—also the following letter from A W B HIGGENS, Esq, Collector of Tinnevelly, to the Secretary to the Court of Wards, dated Kuttalam, 28th July 1898, Ref. on Cur No 51 of 1897 —

With reference to Court's Proceedings, MIS No 1474, dated 20th September 1897, I have the honour to submit supplemental statements marked A, B and C in the forms printed as appendices to Board's Standing Order No 216

2 The grants of lands and cash allowances dealt with in the statements consist of Jivatham inams and inams for religious and charitable institutions and for other services, also Utharam and Poruppu inams

3. The Jivatham inams are grants made to persons who render service to the zamindar at stated periods, the land assignments being subject to the payment of taram assessment to the estate. The zamindar has the option to dispense with the services of these persons and to resume the grants These as well as the inams for religious and charitable services and for other services are shown in statement A.

4 *Utharam* inams are assignments made for the maintenance of relations of the zamindar The grants are resumable by the zamindar in accordance with the practice of the zamindari, when the grantees die without issue or when the necessity for the continuance of such assignments otherwise ceases. These are contained in statement B.

5 *Poruppu* inams are grants of lands held subject to the payment of poruppu or fixed money assessment to the estate Those are absolute alienations in respect of which the zamindar had not at the time of grant reserved to himself the right to resume. These are shown in statement C

6 The manager's recommendations in which I agree are contained in the last column of the statement.

ENCLOSURE No 1

ENCLOSURE No 3

REGISTER C —Statement showing the alienations in Ettiyapuram Estate in which resumption is barred

Name of alienee	Name of present holder and his relationship to the original grantee	Description — Village	Extent	Assessment	Date of grant and circumstances under which made	When and how resumption became barred	Amount of kattubadi or favourable rent paid now	Amount of proportionate peishcush payable under Act I of 1876
1	2	3	4	5	6	7	8	9
			ACS	Rs A P			Rs A P	
1 Not traceable	Thirumalai Boddagu Nayak	Settikulam	223 13	No records assessment not traceable	Appear as Poruppu in jamabandi accounts of Andu 990 (fasli 1234)	These villages appear in the accounts as Poruppu villages for over 90 years, and the time when this was actually alienated is not exactly known Obviously the right to resume them now is barred and further under recent rulings, the minor Zamindar has no right to question or interfere with such alienations	Poruppu 58 1 8	To state, even approximately the proportionate peishcush payable by these villages information as regards the revenue for three years at least of the Poruppu villages is necessary and this not being available, it is not possible to fill in column 9 The Poruppu collected in the case of the villages very probably represents very nearly the proportionate peishcush which may be payable The Zamindar and his family will at present not have the collection of separate sub division Zamindar within his estate, especially as villages 1 to 10 were given for maintenance to and are enjoyed by his remote people and as villages under No 11 are enjoyed by descendants of the person who was the Zamindar's Commander in Chief in former days No separate peishcush is paid, hence the villages have had no separate peishcush apportioned on them
