REVENUE BOARD OFFICE MADRAS.

Proceedings of the Board of Revenue

(Land Revenue).

No.3828 Misc.Dated 23rd November 1898

Read the following papers:-

(1).Official Memorandum from Government,Revenue Department,No.151, dated 6th July 1898;and reference thereon No.826 dated 21th July - 1898.

(2).Also Official Memorandum from Government,Revenue Department,No. 110,dated 12th August 1898;and reference thereon dated 18th August 1898,No.922.

(3).Also letter from J.K.Batson Esq.,Collector of North Arcot to - the Secretary to the Commissioners of Land Revenue,Madras,Dis.No. 1895-Eng.,dated 25th October 1898,submitting report regarding the income derived from the sale of the produce of the Collector's --- compound at Chittoor.

Resolution

With reference to Government Official Memorandum - No.151 dated 6th July 1898 the Board begs leave to submit a statement received from the Collector of North Arcot showing the income from the produce of the compound attached to his residence at Chittoor from 1887 to 1898.

2. This statement shows that the average annual ~~income~~ income from the produce during the last five years was only Rs.56.9.1 against Rs.400 estimated by Mr.Le Fanu in 1892 and the present --- Collector states that the former amount may be taken as a fair --- average for the future as the mango trees are now old and yield -- very badly merely on account of their age and merely because they

ers no longer irrigated owing to the decision to discontinue irrigation in the neighbourhood of the town and bungalows for hygienic reasons. From a copy of Mr.Le Fanu's letter to the Superintending Engineer IV - Circle,dated 6th August 1892,No.3986 forwarded by the Collector the -- Board observes that out of a total income of Rs.1054.7.8 realized from the produce of the compound from 1887-92,Rs.819-7-8 were spent towards the maintenance of the garden-i.e.pay of the gardeners-and the balance was credited to the rent.The receipt of income from the produce was -- brought to the notice of Government in the letter printed in G.O.No.-e 1884 W,dated 19th May 1892.Mr.Bacon reports that from 1892 to 96 when the building was unoccupied the compound was leased out and the rent credited to Government while the income derived in 1897 was received - by Mr.Wynne and presumably taken by him as a set off against the rent. He adds that the sum realized in 1898 goes towards the pay of the three gardeners whom he himself maintains.

6. The bungalow at Chittoor was purchased from the Zamindar of Kangundi in April 1875 for Rs.8000 under G.O.No.1550 Jud.,dated 20th August 1874 and this amount presumably includes the value of the garden attached to it.As the rent for the bungalow has been fixed on the ---- capital cost of the building and its compound the Board considers that the occupant is equitably entitled to enjoy the produce of the com--- pound,unless the rent is reduced by an amount equivalent to the value of such produce.

It should also be mentioned here that from the Statement printed on page 2 of B.O. 1087/A dd 29th Apr. 1898 it will be seen that in calculating the rent of the Collectors residence the cost of the ~~land~~ site and cheri pit of the compound was not taken into account ~~Moreover~~ It does not also appear that the Collector has any transferable interest in the building and much less in the compound the former of which is rented out to him.

to the notice of the Rev Dept that
(being enjoyed)
this income was ~~stopped~~ by the
Collector in violation of the

30-10-85.
The Bd of Rev was thereupon
requested to ascertain the
accuracy or otherwise of the
statement and report whether
the transaction was open to
objection.

2. From the Statement now
forwarded by the Bd, it will
be seen that while the in-
come from 1887 to 1893 was
more than Rs 200 the average
for

for the last 7 years (1894–98) was only Rs 56-9-1. The fall in the income since in 1898 is explained to be due to the age of the mango trees and to the want of irrigation which ~~is~~ appears to have been prohibited for hygienic reasons. The present lessee states that the average income for the future may be fixed at Rs 56-9-1.

3. The Board says that as his cost of compound has been taken into account in fixing the rent the Collector is equitably entitled to enjoy the produce unless the rent is reduced by an amount equal to the value of such produce.
