REVENUE DEPARTMENT.

C. No. 6125

From The Bd Rev Lett

No 5245 His Dated 1- Sept 1898.

(Taken from the office
 on 5-11-98 collecting info.)
 FOR ORDERS.

See

In 1893, a Veterinary
 Conference was, at the
 instance of the Govt of
 India, held in Madras.
 The papers about the
 matter are printed in
 G.O. 756 & 24th Aug 93
 for the present
 reference has concern
 merely with the scope
 of the orders then issued
 on the subject of
 combating cattle disease.
 The decision of the Govt
 in 1893 was that it was
 inadvisable to make
 any attempt to cope
 with cattle disease
 on an extensive scale.
 It was pointed out in

vide para 2
 of the G.O.

FOR ORDERS.

2
The Govt of India was
"disposed to believe
that in most Provinces,
any system of dealing
with animal disease
which would involve
seizure or interference
with the owners of
cattle or other animals,
cannot, in the present
circumstances of the
country be established."

The ultimate aim
in all provinces was
indicated by that
Govt to be to equip
each district with
a sufficient number of
trained Veterinary
inspectors whose duties
would in the main
consist of advice
to cattle owners & the
submission of reports
on the occurrence of
any animal disease.

This policy has
the main been
allowed to the present

But, on special occasions
in limited areas & for
limited periods, the
Cattle Diseases ^{Prevention} Act
(Mad Act II of 1866) has
been put in force to
enable the exercise
of power of segregation
& treatment of diseased
animals. Several
precedents with it found
in the file. Vide for
example G.O. 141 & 9 Jan'y
which put the act into
force during the
Mahamaham festival
at Kumbakonam.

In August last
the Collector of the Nilgiris
wrote up & asked that
the act shd be put
into force in the Nilgiris
for a period of 3 months.
He reported an outbreak
of milderpest & stated
that he had written
to Mr. Supt. C.A. for
a stock inspector. The
matter being appar-

urgent; the application
of the Act being according
to precedent; & the
Collector being in
communication with
the professional Dept
in the matter; his
request was complied
with (vide G.O. 3429 & 22
Augt 1898); and the
order was commnd
to him thro' the Bd
to enable the Bd to
give such further
instructions or take
such further action
as might be necessary.

The Bd is infor-
med whether it is desired
that any special
steps should be taken
by this Dept in reference
to the above notification.

Submitted that
this is a matter for
the Bd to consider
in consultation with
the Collector & the Supt
V.D. The Act was put
into force ~~as~~ possible delay.

* with ref. to the policy of
para 2 of G.O. 7561 24-8-93

in giving effect to any
measures which the
Bd in consultation with
local & professional
officers might think
necessary. If it be
found that no special
measures of segregation
& treatment are needed
the notification
not to be renewed.

Submitted the
Bd may be informed
accordingly.

(C. No 6/25)

G.O. No. 4834 d 18th Dec 96.
intending the in the time of the Act in
the cattle disease. Act
was put into force in the
Mylapore district ^{was} to cause possible
delay in giving effect to
any measures which the
Board in consultation with
the local Officers and the keep.

C. V. D. might think necessary
to combat the outbreak of milder pest of cattle
if it is found that no
special measures of reparation
and treatment are required
the notification need not be
renewed.

2. The Bd. should in due
course report whether it considers
it to be necessary to keep the
Act in force in the Mysore
for any further period.
