ORDER—No. 3071 W., dated 29th November 1898.

Ordered that the schedule of requirements for 1899–1900, on account of Imperial Civil works, be forwarded to the Government of India.

2. The Directors-General of Post Offices and Telegraphs have reported that no major works are to be carried out during the ensuing year.

3. The sanctioned estimate for the Observatory building at Kodaikánal amounts to Rs. 35,850. Against this sum an outlay of Rs. 5,546 was incurred to end of 1897–98. The current year's grant is Rs. 21,000, but the work having been at a standstill till October last, it is not likely that more than Rs. 15,000 will be spent before the close of the official year. A sum of Rs. 15,304 has, therefore, been provided for the work in the schedule. The allotments proposed for the Meteorological Superintendent's residence and the quarters for his establishment at Kodaikánal represent the unspent balance of the sanctioned estimate in each case.
