3. The block was perambulated, inspected and enquired into by my predecessor Mr. McMurray in February 1895. Twenty-nine claims in all were filed for the following rights :—

- Three claims to rights of way over three foot-paths.
- Twenty-two claims to Government patta, inam and sivoijama rights over 79.98 acres of land.
- Three claims to miscellaneous rights.
- One claim to right to repair a well.

4. The claims involved in item (i), eighteen claims in item (ii), and one claim in item (iii) were fully admitted; one claim in item (ii) was partly admitted and partly rejected and the rest were fully rejected.

5. The last claim (a contested one) was disposed of on 4th July 1895. Against the decision of this claim, an appeal was preferred by the District Forest-officer and decided by the Collector on the 27th March 1896 as shown in the B register. The connected papers relating to the claim were received on the 9th June 1896.

6. The block is thus free of all rights except those admitted above.

7. The following are sent herewith :—

- B. Register of claims.
- Draft notification under section 16.
- Numerical statement of claims filed and disposed of.
- Sketch of the block.

8. The date in the draft notification is left blank. Two months' time will be necessary to have it duly published as required by the Act.

Files an extract from the inam fair register of the village of Musalareddipalli shrotriend exhibit A and a memorandum showing that the limit between shrotriend and Kavakuntla exhibit B.	Contests the claim on the ground that the claimant's area as given in the inam fair register has been excluded from the proposed reserve and in support of which files an extract from the inam fair register exhibit I.	(Signed) W. C. McMURRAY, Forest Sett.-officer. In exhibits A and I, the area of Musalareddipalli shrotriend is given as 2,138 92 acres which area is contended by the defendant as having been left available outside the proposed reserve. 2. In Board's Standing Order No. 124, paragraph 2 (new edition), it is stated in regard to minor inams, that the area now entered in the title-deeds in acres has been computed according to the local usage as the equivalent of the area as registered in the local measure. by the figure in the title-deeds are less than found

McMURRAY, Forest Sett.-officer. 3rd July 1895.

3. In the following paragraphs of the above standing order, rules are given as to the procedure to be followed, if on survey it is found that the figures entered in the title-deeds cannot be taken as conclusive.
4. From the above it is apparent that the figures entered in the title-deeds cannot be taken as conclusive.
5. In paragraph 3 of the above said order, it is again emphasized that the instructions given in the foregoing paragraphs apply only to minor inams and that the owner of inam villages are entitled to hold the entire areas within the village boundary on the terms of the settlement made by the Inam Commissioner without reference to its extent.
6. The material point now to be determined is what is the boundary of the village.
Exhibits A and I clearly show that the Inam Commissioner treated the limits of the village to extend as far as the limits of the Nellore district. I do not think any further proof of the limits of the shrotriend is necessary.
7. The claimant also files a memorandum (exhibit B) showing that the limits between the shrotriend and the Government village of Kavakuntla were settled without any dispute. Such being the case, there was no necessity for a decision under the Boundary Act.
8. According to exhibits A and I, I hold that the limits of the shrotriend extend up to the limits of the Nellore district and, as stated in paragraph 5 *supra*, the claimant is entitled to hold the entire area within the village boundary on the terms of the settlement made by the Inam Commissioner without reference to its extent.
9. For the foregoing reasons, I find the claim to be valid and accordingly admit it.
The portion of the shrotriend included will be excluded by altering the limits of the reserve.

	Gurumurthi Aiyas, karnam of Kavakuntla.	16th Feb. 1895.	(4) Brings to notice the existence of the following patta lands of Kavakuntla included within the reserve:—		Evidence of the karnam and village accounts.	Does not contest the claims except to survey No. 1855-A-1 and wishes to retain all the other lands as an enclosure.	All the claims except to survey No. 1855-A-1 being valid, they are accordingly admitted. Survey No. 1855-A-1 having been bought in by Government on account of arrears of revenue on the 21st July 1894, no order regarding the same is necessary, it being no longer on patta; all the other lands will be demarcated out free from reservation and be retained as an enclosure (2). The foot-paths will be opened for men and cattle each to width of three feet. (Signed) W. C. McMURRAY, Forest Sett.-officer. 3rd July 1895.

Advances on behalf of the public right of way over the following foot-paths:—

(5) From Kavakuntla to Malamidipalli on the hill in the Nellore district limits and to the cultivation on the hill. This is known as Yerrarathi Kanamadova.

(6) From Jillela to Seetharamapuram in the Nellore district limits. It enters the Sancherla reserve north of survey No. 1477 of Kavakuntla, runs south-east and enters the Sancherla extension B and on to the Nellore district. This is known as Yelugasaaravadova.

(9) Right of way over the Bandala-dova. It enters the reserve about a furlong south of the south-east corner of survey No. 620 of Sancherla, runs north-east for about two furlongs and meets the path already admitted in the Sancherla reserve.

Claim 4.—(a) Access is allowed by the foot-path in claim No. 5.

Claim 5.—It enters the reserve about four furlongs west of the south-east corner of the reserve, runs north-east for about five furlongs and quits it in Nellore district limits about three furlongs north of the above point.

Claim 6.—It enters the reserve about one-and-a-half furlongs north-east of the south-west corner of survey No. 1478 of Kavakuntla, runs south-east for about one furlong and joins the path already admitted in the Sancherla reserve. It again runs south-east for about three-and-a-half miles and quits it in Nellore district limits at the north-east corner of survey No. 1855-1 (inside) of Kavakuntla.

Claim 9.—It enters about six chains south of the south-east corner of survey No. 620.

Claim 9.—Its length is one furlong and two chains.

B. Register of claims to lands, rights to forest produce or easements in the proposed Sancherla extension reserved forest, &c.—*cont.*

[illegible]

Claim 29.—Against the decision of the Forest Settlement-officer, an appeal was filed by the District Forest-officer to the Collector, who decided that no right to repair the well has been proved and allow this appeal and set aside the Forest Settlement-officer's order.

Forest Appeal No. 1 of 1896, decision passed by A. C. Tate, Esq., Acting Collector, on 27th March 1896.

READ—the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 1294, dated 15th December 1897 :—

Read—the following letter from A. C. TATE, Esq., Collector of Cuddapah, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated Madanapalli, 30th November 1897, Ref. on Cur. No. 1862-Forest of 1896-97 :—

In reply to Board's Proceedings, Forest Mis. No. 1190, dated 17th November 1897, I have the honour to forward the ayakat abstract called for.

The abstract shows that there is a large area of assessed and unassessed land available for the unrestricted use of the villagers. In the villages of Sancherla and Kavalakuntla, much of the assessed land is under jungle and has never been brought under cultivation.

The enclosures to the Board's Proceedings under reply are herewith returned.
