Sir,

Both the Government of India and the British authorities would be more likely to comply with a request passed on by your Government than with one made direct by the U.P.A.S.I. Otherwise I should not venture to trouble you in the matter.

C. No. 6515 of 1898

From The Secretary, United Planters' Association of Southern India Madras.

Dated 19th September 1898.

FOR ORDERS.

To the Hon'ble Secretary.

The Secretary to the U.P.A. of South India encloses list of the various publications that would be of use to the association and requests that, in addition to supplying the publications included therein which are published by this Government, the latter may assist the Association in procuring those publications which emanate from other Governments. The following are the publications of this Government included in the list.

(1) Administration Reports of the Madras Presidency from 1893.

(2) Bulletin of the Department of Land Records and Agriculture. The 1st is distributed by the Supdt. Govt. Press under orders from

financial
public Department and the second
the Board of Rev (Revletter) The
question of supplying the first has
be considered in the ~~Public~~ financial Dept,
regards the second the Board
of Rev may ~~perhaps~~ be asked
to include the association in its
distribution list.

2 The other publications of which the
Association has asked for copies

1. Publications of other Provincial (Indian) Governments.
2. Administration Reports of Assam and Coorg from 1893.

3 Besides the above, the association has also asked that this Govt may assist it in procuring the following Colonial, Foreign and English publications.

Kew Bulletin.
Board of Trade Journal
Consular Reports of countries where Tea, Coffee &c are grown for export.
Royal Agricultural Society's Journal

4. The Secretary has already ordered that the vari

Govts. &c. concerned may be addressed. The Association has only asked for assistance in procuring the publications ~~desired~~ in person, however, ~~this is not proposed to~~. It is presumed therefore that it will be prepared to pay the cost in the case of non-Indian or private publications if the authorities or private bodies concerned so require it. As ordered in person, however, is not proposed (specifically) to refer to matter in the G.O and the letters. Two of the publications viz the Indian Forester and the Proceedings &c of the Agri-horticultural Society though recognised by Govt are Indian Private publications. The Association may, it is submitted, be asked to make its own arrangements for getting copies of them.

Why shd it ask on a misstatement if it is prepared to pay?

6. A draft G.O and letters are submitted for approval.

6. Orders are in this connection also solicited as to whether the association should or be required to send copies of all its publications to the Imperial and the several local, colonial and Foreign Governments as well as to the public bodies and to the Editor of the Indian Forester. If so, a para to this effect will be added both to the G.O and to the several letters.
