Proceedings of the Board of Revenue
(Revenue Settlement, Land Records and Agriculture),

Dated 9th December 1898.

189 .

No. 7107 Mis.

Read the following letter from R. Morris, Esq., Acting Collector of

Kistna, Re No. 2211/98, dated 27th November 1898:—

I have the honour to report that there is a large tract of land in and around Kollur, Tenali Taluk, subject to involuntary flow of canal water. It was charged with water-tax for some years and the ryots successfully contested the charge in the Civil Court. In Fasli 1307, practically no charge was made, the irrigation being involuntary.

2. The ryots were induced to dig channels to irrigate their lands direct from the canal, and two 8 inches pipes were put in the Western Bank Canal to let water into these channels. Applications were presented to the Tahsildar after the end of March and before the end of June for irrigating 708.35 acres of land, but practically only 301.72 acres of land has been brought under canal irrigation. The Executive Engineer

and

and the Tahsildar recommend that the applications received for these lands may be accepted.

3. I therefore request that the Board will be pleased to extend the time for receiving applications for water up to end of June last in the case of these Acres 301.72 of land as a special case.

Resolution:-

The Collector's recommendation is sanctioned.
