READ again the following Board's Proceedings No. 4747 Mis, dated 5th August 1898:-

Read the following letter from R. Morris Esq., AG Collector of Kistna, Dis No. 3963/genl of 1898, dated 21st July 1898:-

Adverting to Board's Proceedings Mis No. 483,

Revenue Settlement, dated the 24th January 1898, I have the honour to request that the concession of the reduced Rs 4 water-rate allowed for fasli 1307, to certain villages in Bapatla, Tenali and Cudivada and Bandar Taluks may be allowed for the current fasli also.

2. The villages to be exempted from the enhanced water-rate will be those referred to in G.O., No. 3380 dated the 29th September 1896, with the additions and subtractions noted below:-

Taluk.	Deductions.	Village.
1. Tenali.	1. -----	Adavaladi.
	2. -----	Fragyar.
2. Bapatla.	1. -----	Mulapalem.

3. Gudivada.-----1. Sriparuru.
2. Manuru.
3. Kalakurru.

3 The irrigation sources of the villages of Tenali and Bapatla Taluks, which have been recommended to be omitted from the list are reported to have been since improved in every respect, so that the concession need no longer be continued.

4. The village of Matlam in Bandar Taluk is a Zemindari village and as such should not have been included in the list. It was originally recommended at the instance of the Executive Engineer, who did not state that it is a Zemindari village. The mistake was found out at my Jamabandi of the Estates in the Bandar Taluk, but it was then too late to rectify it. I have given notice to the ryots that the concession will not be extended this year.

5 The villages in Tenali and Bapatla Taluks now recommended for the concession are reported to be wanting in the means of drainage in some cases, and in the facilities for irrigation in other cases. The soil of these villages is also very poor. From their position and their remoteness from canals, I consider that they deserve to be treated with leniency.

6. As regards the three villages in Gudivada Taluk, the Executive Engineer states that there is no chance of supplying them with a direct source of irrigation during the current fasli, and recommends that the concession may be extended to them.

7. I have instructed the Tansildars to proclaim to the ryots of the villages from which the concession shown hitherto is proposed to be withdrawn, that they will have to pay Rs.5 this year and to give them the option of relinquishing water for their wet fields if they choose. The time for presenting relinquishments is over, but I shall apply for extension of time in the case of these villages if any relinquishments are actually presented. I request that the Board will approve of my action.

Resolution:- N^o 4747-10, dt 5-8-98.

The Collector is requested to report the area under canal-irrigation in the several villages to be

Adalavadi.
Vada.
Sriparuru.
Manuru.

2. It is observed that no irrigation accounts, on account of Delta irrigation, have been received for the past fasli, in respect of the marginally noted villages mentioned in the Collector's letter.

2. It is reported that the irrigation accounts of Vada were submitted to Board along with other accounts of Baratla Taluk, and the office copies of the accounts for fasli 1306 and 1307 are enclosed for perusal and return. There was wet cultivation in Sriparru and Manuru villages also in fasli 1307 and it is reported that irrigation accounts were submitted to Board, copies of which are enclosed for reference.

3. There was some wet ayacut in Adavaladivi village some years ago, but it was subsequently relinquished for want of proper means of irrigation and so no irrigation account was sent for the village.

Resolution:- 426936 Mis, dated 30-11-98

The papers read above, will be submitted for the orders of Government with reference to G.O. No. 280 Mis, dated 13-1-98. The result of the alterations is a net reduction of 3239 acres in the area to be exempted from enhanced water-rate.
