To the Under Secretary.

In f.o 5150 no 820 12.98
it was decided that the portions of
reserved forests in the Kurnool Dt
through which the Southern
Maharatta Railway passes should
be disafforested. The sanction of
the Govt of India was accordingly
applied for and obtained and the
Railway Company was requested
first to execute a formal agreement
embodying the two conditions subject
to which the sanction for disaffores-
tation was granted. That Company
now intimates through the Govern-
ment of Bombay that the Forest
officer (Dt Forest Officer, Kurnool?)
requires that the Railway authorities
should undertake the clearing of the
grass and other produce ~~for a~~
~~greater length~~ ^{for} ~~the purpose of~~ that of which
the disafforestation has been sanctioned
by the Government of India. While
referring the question for the orders of
His Government, the Ry Company

insiders that if it is to undertake
a clearing up to the limits pointed out
by the Forest Officer, whom the additional
area should also be disafforested.

The Board of Revenue may, it is
submitted, be asked to report the reasons
for requiring the S. N. Company to clear
~~a greater length~~
~~of a greater length~~ than that originally
intended.

2. In para 5 of the letter of the
Chief Engineer and para 3 of the letter
of the Agent, S. N. Ry, enquiry is made
as to the limits of the Mallanatalai
reserve traversed by the Railway.

The two officers seem to be under the
impression that besides the Cumbum,

Kandyal and Iyyalanada reserved
forests, portions of which it is proposed

to disafforest, after the execution of the
agreement, there is ^{also} a fourth reserved

forest through which the railway line
passes. It does not appear that there is

any reserved forest separately known
by the name "Mallanatalai". The

Mallanatalais are the range of mountains
situated between the Kurnool & on which

are situated several reserved forests including
a forest through which the S. N. Railway

is said to pass.

enclosures to the Current.

The Board may, however, in
submitted, be asked to report whether
besides the three reserved forests referred
to above, there is any other through
which the railway passes.

A draft endorsement is sub-
mitted.

Key

Without a map &
without knowing exactly
the boundaries within
which the S. N. Ry has
asked the Ry to clear
it is not possible to
understand what the
dispute now is.

The best plan
would seem to be to send
the pp. in file to the Bd
for report. The local officers
will know what the
difficulty is, that should
be reported on.
