Referring to Board's Proceeding No. 1184 Mis. dated 28th February 1899, I have the honor to inform you that a student named V. Krishna Menon is willing to accept the post of Veterinary Inspector Singapore at the conclusion of his College Course (beginning of May).

2. V. Krishna Menon is a male Sudra (native) and a Graduate of the Madras University (Optimal Branch, Chemistry). He has nearly completed his course at this College.

and has up to date passed all the technical examination for which he has appeared. I have no doubt he will get the Agriculturist's diploma in April next. I can testify to his uniform good conduct.

3. V. Krishna Menon is a man of excellent physique and has carried off several prizes at the College Athletic sports as well as at the competitions held by the Madras Athletic Association.

Read the following Reference
thereon to the Principal, College of
Agriculture, Saidapet, No. 514,
dated 9th March 1899:—

The Principal is requested to state what Veterinary qualifications the student possesses for the test.

thereof from the Principal, College

Adverting

Adverting to your Reference
No. 514, dated 9th March 1899,
I have the honor to inform
you that V. Krishna Menon
passed first among the
Candidates, who appeared last
April in Veterinary Science
Stage I, and that at the College
examinations in Stage II he
is practically at the head of his
Class. The examination in Stage II
takes place in April next and
he will probably pass them. Beyond
what he has received at the
College, he has had no Veterinary
training but it should be
remembered that the Singapore
Government only asked for a
man who had gone through
the Course at this College.

Resolution

Adverting to Endorsement, No:
728 Mis: of 1899, the Board beg to
report that, on receipt thereof, it
requested the Principal, College
of Agriculture, to report whether
he

a he could nominate any persons
the suitable for the post of Veterinary
Inspector, Singapore. The Principal's
reply is submitted herewith.

2. The letter from the Colonial
Secretary S.S. referred to the Board
does not state what the duties
of the post will be, and even
should the student nominated
by Mr. Kees pass the examination
for which he is at present preparing,
it is not clear whether his Veterinary
qualifications will suffice.

3. If the Colonial Secretary S.S.
should consider him suitable, there
does not appear to be any objection
to his being nominated as
Veterinary Inspector.

It does not seem likely
that for the pay offered, any more
suitable person will be forthcoming
in this Presidency to take up the
post.
