Calcutta, the 25th March 1899.

SIR,

IN accordance with the terms of the Resolution of the Government of India, dated 2nd March 1899, the Rules and Regulations relating to the British Indian and Ceylon Section of the Paris Exhibition, 1900, have been published in the *Gazette of India* and the Gazettes of Local Governments and Administrations. In the meantime the question of how the space provided in the Indian Imperial Court which is shown in the plan attached to the Rules and Regulations can be best utilized in the interests of India has been under consideration.

The Government of India have decided to contribute to the Exhibition representative collections of forest produce and minerals. But after providing for these collections a certain amount of space will remain, and the Government of India consider that this cannot be better utilised than as a means of assisting the tea and coffee industries to an adequate and effective exhibition of their produce. It is proposed therefore to grant, free of charge, to the Indian Tea Association, and also to Coffee Planters' Associations in case the latter should desire it, such space as is available in the Imperial Court, and to assist in the decoration of the court in a suitable manner.

2. I am therefore to enquire whether the Government of Madras will give its assistance to the project by supplying a small collection of jail carpets for the decoration of these rooms. Should the Local Government be able to comply with this request, exact details of the measurements of carpets required will be furnished at the earliest possible date. The carpets would be exhibited in the form of wall-hangings, and would no doubt sell readily at the close of the Exhibition.

3. I am further to request that intimation of the Government of India's intention may be given to the Planters' Asscciations of Madras, and that it may be suggested to those bodies that, should they desire to avail themselves of the offer of exhibition space, the arrangement of details might most conveniently be entrusted to a Central Committee working in London, and representing and financed by the several Associations. If this suggestion be adopted, the Central Committee might organize a coffee-room in co-operation with the tea-room of the Indian Tea Association. As the time for completing arrangements is short, I am to request that no time may be lost in ascertaining the views of the Associations concerned.

I have the honour to be,

SIR,

Your most obedient Servant,

for *Secretary to the Government of India.*
