With reference to the orders contained in your letter No.634 T/M., dated 4th October 1898 and in continuation of my ---- letter No.4 C. dated 20th February 1899 I have the honor to inform you that in conference with the Director of Cinchona Cultivation, Madras, with whom I was in consultation daily at Ootacamund and — Naduvatum during the period from January 25th to February 1st, it was agreed that, subject to the comfirmation of our proposal by the Governments of Bengal and Madras, the purchase of bark by the two Governments from private planters in South India should be regulated in future as follows:-

"The Director of Cinchona Cultivation Bengal, may purchase bark from Travancore and if he wishes to do so from the Wynaad, — while the Director of Cinchona Cultivation, Madras, will purchase from the Nilgiri District only. Always provided that, if the Madras Director has more bark offered to him in any given year than he requires, the offerers may be referred to the Bengal Director. Similarly should theBengal Director be offered more bark than he ---- requires in any given year from Travancore and the Wynaad, the offerers may be referred to the Madras Director."

The proposed arrangement, if confirmed by Government, must necessarily prevent the possibility of rivalry, on the part of the two Governments involved, in any District, and will at the same — time obviate the necessity of altogehter excluding either Government from any District.

September 1898 to your address of which a copy was sent to this office with your letter No.634 T/M dated 4th October 1898, now under reference, I beg to inform you that I understand that the Director of Cinchona Cultivation ---- Madras has been ordered by his Government to hold himself in --- readiness to proceed to Java to make enquiries into the state of the Cinchona industry in that Island and to acquire such information regarding the industry as is likely to be of value to the Governments of Madras and Bengal. During my stay in Ootacamund -- and at the Government Cinchona Factory at Naduvatum the Madras Director and myself went very closely and carefully into all the points connected with the Cultivation of Cinchona and the manufacture of Quinine on which it will be to the advantage of both Go-- vernments to obtain information; the Madras Director will take with him to Java his copy of the tables of desiderata drawn up by us -- conjointly and will bring back with him the knowledge (or at least as much of this knowledge as the people interested in Cinchona in Java will permit him to acquire) arranged under the various head-- ings of Planting, Upkeep, Cultivation, Harvesting, Packing and Manufacture.

3. I do not anticipate that the Madras Director is likely to obtain all the information we should wish to possess, because many of the points that are more or less obscure relate to details which it is to the advantage of Cinchona Growers and Quinine Manufacturers to treat as confidential. I do however expect that he will gain much knowledge that is likely to be useful and valuable to both factories. It is important that this knowledge should become available with as little loss of time as possible, and as much of it will be of a very technical character, which can be more readily imported in conference than by correspondence, I beg to suggest that the Government of Madras be asked to kindly order their Director of Cinchona Cultivation, instead of returning from Java to Madras via Colombo, to return by way of Calcutta so that the Government of Bengal may obtain the benefit of the information gained by the Madras Officer during his deputation to Java.

READ—the following letter from the Officiating Secretary to the Government of Bengal (Municipal Department—Medical Branch), to the Secretary to the Government of Madras, Revenue Department, dated Calcutta, the 14th April 1899, No. 2020-Med. :—

With reference to the correspondence ending with your Endorsement No. 134 ..., dated the 21st February 1899, I am directed to forward, for the information of the Government of Madras, a copy of a letter

No. 33-C.—S.P.B., dated 14th March 1899. from Major D. Prain, I.M.S., Superintendent, Royal Botanic Garden, Calcutta, and of Cinchona Cultivation in Bengal, and to say that the Lieutenant-Governor has accepted the arrangements made by him in consultation with the Director of Cinchona Cultivation, Madras, in respect of the areas from which cinchona bark will be purchased by the Governments of Madras and Bengal, respectively.

2. As regards paragraphs 2 and 3 of Major Prain's letter, I am to request that, with the permission of His Excellency the Governor in Council, the Director of Cinchona Cultivation, Madras, may be instructed to return from Java by way of Calcutta.

ENCLOSURE.

From Major D. PRAIN, I.M.S., Superintendent, Royal Botanic Garden, Calcutta, and of Cinchona Cultivation in Bengal, to the Secretary to the Government of Bengal, Financial Department, Calcutta, dated Sibpur, the 14th March 1899, No. 33-C.—S.P.B. of 1899.

REVENUE DEPARTMENT.

READ—the following letter from the Officiating Secretary to the Government of Bengal (Municipal Department—Medical Branch), to the Secretary to the Government of Madras, Revenue Department, dated Calcutta, the 14th April 1899, No. 2020-Med. :—

No. 33-C.—S.P.B., dated 14th March 1899.

With reference to the correspondence ending with your Endorsement No. 134A, dated the 21st February 1899, I am directed to forward, for the information of the Government of Madras, a copy of a letter from Major D. Prain, I.M.S., Superintendent, Royal Botanic Garden, Calcutta, and of Cinchona Cultivation in Bengal, and to say that the Lieutenant-Governor has accepted the arrangements made by him in consultation with the Director of Cinchona Cultivation, Madras, in respect of the areas from which cinchona bark will be purchased by the Governments of Madras and Bengal, respectively.

2. As regards paragraphs 2 and 3 of Major Prain's letter, I am to request that, with the permission of His Excellency the Governor in Council, the Director of Cinchona Cultivation, Madras, may be instructed to return from Java by way of Calcutta.

ENCLOSURE.

From Major D. PRAIN, I.M.S., Superintendent, Royal Botanic Garden, Calcutta, and of Cinchona Cultivation in Bengal, to the Secretary to the Government of Bengal, Financial Department, Calcutta, dated Sibpur, the 14th March 1899, No. 33-C.—S.P.B. of 1899.

With reference to the orders contained in your letter No. 634-T.M., dated 4th October 1898, and in continuation of my letter No. 4-G., dated 20th February 1899, I have the honour to inform you that in conference with the Director of Cinchona Cultivation, Madras, with whom I was in consultation daily at Ootacamund and Nedivattam during the period from 25th January to 1st February, it was agreed that, subject to the confirmation of our proposal by the Governments of Bengal and Madras, the purchase of bark by the two Governments from private planters in South India should be regulated in future as follows :—

"The Director of Cinchona Cultivation, Bengal, may purchase bark from Travancore and if he wishes to do so from the Wynaad, while the Director of Cinchona Cultivation, Madras, will purchase from the Nilgiri district only. Always provided that, if the Madras Director has more bark offered to him in any given year than he requires, the offerers may be referred to the Bengal Director. Similarly, should the Bengal Director be offered more bark than he requires in any given year from Travancore and the Wynaad, the offerers may be referred to the Madras Director."

The proposed arrangement, if confirmed by Government, must necessarily prevent the possibility of rivalry, on the part of the two Governments involved, in any district, and will at the same time obviate the necessity of altogether excluding either Government from any district.

2. With reference to paragraph 5 of Government of India letter No. 2509-34-11, dated Simla, 16th September 1898, to your address, of which a copy was sent to this office with your letter No. 634-T.M., dated 4th October 1898, now under reference, I beg to inform you that I understand that the Director of Cinchona Cultivation, Madras, has been ordered by his Government to hold himself in readiness to proceed to Java to make enquiries into the state of the cinchona industry in that island and to acquire such information regarding the industry

READ—the following letter from the Officiating Secretary to the Government of Bengal (Municipal Department—Medical Branch), to the Secretary to the Government of Madras, Revenue Department, dated Calcutta, the 14th April 1899, No. 2020-Med. :—

With reference to the correspondence ending with your Endorsement No. 134 A, dated the 21st February 1899, I am directed to forward, for the information of the Government of Madras, a copy of a letter from Major D. Prain, I.M.S., Superintendent, Royal Botanic Garden, Calcutta, and of Cinchona Cultivation in Bengal, and to say that the Lieutenant-Governor has accepted the arrangements made by him in consultation with the Director of Cinchona Cultivation, Madras, in respect of the areas from which cinchona bark will be purchased by the Governments of Madras and Bengal, respectively.

No. 33-C.—S.P.B., dated 14th March 1899.

2. As regards paragraphs 2 and 3 of Major Prain's letter, I am to request that, with the permission of His Excellency the Governor in Council, the Director of Cinchona Cultivation, Madras, may be instructed to return from Java by way of Calcutta.

ENCLOSURE.

From Major D. PRAIN, I.M.S., Superintendent, Royal Botanic Garden, Calcutta, and of Cinchona Cultivation in Bengal, to the Secretary to the Government of Bengal, Financial Department, Calcutta, dated Sibpur, the 14th March 1899, No. 33-C.—S.P.B. of 1899.

With reference to the orders contained in your letter No. 634-T.M., dated 4th October 1898, and in continuation of my letter No. 4-G., dated 20th February 1899, I have the honour to inform you that in conference with the Director of Cinchona Cultivation, Madras, with whom I was in consultation daily at Ootacamund and Nedivattam during the period from 25th January to 1st February, it was agreed that, subject to the confirmation of our proposal by the Governments of Bengal and Madras, the purchase of bark by the two Governments from private planters in South India should be regulated in future as follows :—

"The Director of Cinchona Cultivation, Bengal, may purchase bark from Travancore and if he wishes to do so from the Wynaad, while the Director of Cinchona Cultivation, Madras, will purchase from the Nilgiri district only. Always provided that, if the Madras Director has more bark offered to him in any given year than he requires, the offerers may be referred to the Bengal Director. Similarly, should the Bengal Director be offered more bark than he requires in any given year from Travancore and the Wynaad, the offerers may be referred to the Madras Director."

The proposed arrangement, if confirmed by Government, must necessarily prevent the possibility of rivalry, on the part of the two Governments involved, in any district, and will at the same time obviate the necessity of altogether excluding either Government from any district.

2. With reference to paragraph 5 of Government of India letter No. 2509-34-11, dated Simla, 16th September 1898, to your address, of which a copy was sent to this office with your letter No. 634-T.M., dated 4th October 1898, now under reference, I beg to inform you that I understand that the Director of Cinchona Cultivation, Madras, has been ordered by his Government to hold himself in readiness to proceed to Java to make enquiries into the state of the cinchona industry in that island and to acquire such information regarding the industry

2. With reference to paragraph 5 of Government of India letter No. 2509-34-11, dated Simla, 16th September 1898, to your address, of which a copy was sent to this office with your letter No. 634-T.M., dated 4th October 1898, now under reference, I beg to inform you that I understand that the Director of Cinchona Cultivation, Madras, has been ordered by his Government to hold himself in readiness to proceed to Java to make enquiries into the state of the cinchona industry in that island and to acquire such information regarding the industry

as is likely to be of value to the Governments of Madras and Bengal. During my stay in Ootacamund and at the Government Cinchona Factory at Nedivattam, the Madras Director and myself went very closely and carefully into all the points connected with the cultivation of cinchona and the manufacture of quinine on which it will be to the advantage of both Governments to obtain information; the Madras Director will take with him to Java his copy of the tables of desiderata drawn up by us conjointly and will bring back with him the knowledge (or at least as much of this knowledge as the people interested in cinchona in Java will permit him to acquire) arranged under the various headings of planting, upkeep, cultivation, harvesting, packing and manufacture.

3. I do not anticipate that the Madras Director is likely to obtain all the information we should wish to possess, because many of the points that are more or less obscure relate to details which it is to the advantage of cinchona growers and quinine manufacturers to treat as confidential. I do, however, expect that he will gain much knowledge that is likely to be useful and valuable to both factories. It is important that this knowledge should become available with as little loss of time as possible, and as much of it will be of a very technical character, which can be more readily imported in conference than by correspondence, I beg to suggest that the Government of Madras be asked to kindly order their Director of Cinchona Cultivation, instead of returning from Java to Madras *via* Colombo, to return by way of Calcutta so that the Government of Bengal may obtain the benefit of the information gained by the Madras officer during his deputation to Java.

Order—Mis. No. 1437, Revenue, dated 22nd April 1899.

Recorded with reference to G.O., No. 134, dated 21st February 1899.

2. As regards the request that Mr. Standen should visit Bengal on his return journey from Java His Excellency the Governor in Council agrees with the Government of Bengal and Mr. Standen will be instructed accordingly. The Government of Bengal will be addressed.

as is likely to be of value to the Governments of Madras and Bengal. During my stay in Ootacamund and at the Government Cinchona Factory at Nedivattam, the Madras Director and myself went very closely and carefully into all the points connected with the cultivation of cinchona and the manufacture of quinine on which it will be to the advantage of both Governments to obtain information; the Madras Director will take with him to Java his copy of the tables of desiderata drawn up by us conjointly and will bring back with him the knowledge (or at least as much of this knowledge as the people interested in cinchona in Java will permit him to acquire) arranged under the various headings of planting, upkeep, cultivation, harvesting, packing and manufacture.

3. I do not anticipate that the Madras Director is likely to obtain all the information we should wish to possess, because many of the points that are more or less obscure relate to details which it is to the advantage of cinchona growers and quinine manufacturers to treat as confidential. I do, however, expect that he will gain much knowledge that is likely to be useful and valuable to both factories. It is important that this knowledge should become available with as little loss of time as possible, and as much of it will be of a very technical character, which can be more readily imported in conference than by correspondence, I beg to suggest that the Government of Madras be asked to kindly order their Director of Cinchona Cultivation, instead of returning from Java to Madras *via* Colombo, to return by way of Calcutta so that the Government of Bengal may obtain the benefit of the information gained by the Madras officer during his deputation to Java.

Order—Mis. No. 1437, Revenue, dated 22nd April 1899.

Recorded with reference to G.O., No. 134, dated 21st February 1899.

2. As regards the request that Mr. Standen should visit Bengal on his return journey from Java His Excellency the Governor in Council agrees with the Government of Bengal and Mr. Standen will be instructed accordingly. The Government of Bengal will be addressed.

Revenue Department,

To

The SECRETARY to the GOVERNMENT of BENGAL,
Municipal Department,

Dated Ootacamund, 22nd April 1899.

Sir,

I am directed to acknowledge the receipt of your letter No. 2020-Med., dated 14th instant, on the subject of the arrangements to be made between the Governments of Madras and Bengal in regard to the purchase of cinchona bark and of the visit to Bengal of the Madras Director of Cinchona Plantations.

2. By Endorsement No. 134A, Revenue, dated 21st February last (addressed to the Financial Department) this Government has already intimated its acceptance of the arrangements arrived at by Major Prain, I.M.S., and Mr. Standen in respect of the areas for the purchase of cinchona bark by their respective Governments.

3. As regards the visit of Mr. Standen to Bengal on his return journey from Java, I am to say that Mr. Standen starts on his mission on the 22nd instant and expects to be in Java about a month. As desired by His Honour the Lieutenant-Governor he has been instructed to visit Calcutta on his way back.
