Endorsement of J. W. Cherry Esq., Conservator of Forests, Central Circle dated 8th November 1898 No. 578, ^{with his remarks,} on letter from R. H. Shipley Esq. Collector of Trichinopoly, dated 29th October 1898 R.C. No. 39-7 of 98-99 ^{C.C.R.I} requesting that a draft erratum may be issued to the South boundary description of the proposed Pilakkurichi block and Reference thereon of 25th Nov. 1898 Fr. No 450.

Also letter from R. H. Shipley Esq., Collector of Trichinopoly, of 6th February 1899 R.C. No. 39-7 of 98-99, forwarding the sketch map of the Pilakkurichi proposed block.

Resolution

In the notification under Sec. 4 of the Forest Act published in respect of the Pilakkurichi proposed reserve in the Udaiyarpalayam taluk, Trichinopoly district,

district, under G.O. Rev. No ³⁸¹₁₋₈₋₁₈₉₆ the Southern boundary was described as the cleared and demarcated North boundary of the Tirukonam Reserved Forest until it reached the trijunction stone of Silambur and Olaiyas village - boundaries with the Vaidhachalam taluk boundary. The Forest Settlement Office while inspecting the proposed reserve found that the sketch map relating to it did not correctly show the position of the northern boundary of the finally constituted Tirukonam Reserved forest, because the latter did not actually extend upto the aforesaid trijunction and considered that if the south boundary of the proposed reserve was originally intended to follow the old reserve boundary, an erratum should issue. The collector accordingly suggested a modification of the original description and was apparently of opinion that an additional extent of land was taken in by the proposed modification. The Conservator in forwarding the collector's proposal expressed the same opinion and considered ^{that} the additional area should be notified under Sec 4. The collector's proposal was unintelligible in the absence of a map and he was therefore called upon to submit one.

2. From the sketch map now forwarded it is observed that the

Suggested modification does not cover a greater extent of land than that which it was originally intended to notify and the discrepancy pointed out by the Forest Settlement Office can be rectified by the issue of an erratum to the description of the southern boundary which, as at present worded, is not sufficiently precise.

3. The Board accordingly submits the annexed draft erratum for approval and publication in the Fort St. George Gazette.
