Resolution

Submitted for the orders of Government.

2. Under Government Order No.208 Pol.,dated 5rd April 1889 the Petitioner,who draws a pension of Rs.9-15-4 per mensem,is entitled to a grant of land at Rs.10 an acre for 2/5 of the capitalized value of his pension.The petitioner has however,already capitalized his pension, and the Collector is not prepared to recommend the grant of so large an extent as is applied for by the petitioner,viz, 500 acres.Whether any land in excess of the general scale fixed for Masulipatam Pensioners can be given to the Petitioner will depend on the unassigned area which may be left at the Collector's disposal.The Board accordingly recommends that this case as well as others of the same kind may be considered on the receipt of the report called for in para 3 of Board's Proceedings No.1949 Misc.,dated 31st May 1897.

The petitioner was a Masulipatam political pensioner until recently, and drew a pension of Rs. 9-13-4, ~~The pension~~ which has already been commuted. ~~The petitioner~~ He now applies for a grant of 300 acres of waste lands in the Kistna District. The Collr does not recommend the grant of so large an extent, but promises to consider the question of granting wastelands to ~~the~~ political pensioners after disposing of the applications of the panchama class. The Board of Revenue also states that these and other applications of the same kind should be considered after the Collr has dealt with the assignment of lands to the panchama class, and after it has been ascertained what area will be left at ~~the~~ his ~~Collector's~~ disposal. It is thought that the Board's recommendation may be accepted.

2. The reference to the report called for made in the last two lines of the B.P is however not clear. The B.P. will be

This is a typical land speculation. The pensioner was compelled by the pressure of his creditors to commute his pension. He cannot well have the capital to work 300 acres?

S.O.

I am not sure that it would not be a good thing to consider applications from these pensioners or expensioners pari passu with those of the Bauchamas. Every day they are becoming more indigent: & we have some obligations towards them. The Mcs may be warned that against land-speculators - that a greater area should not be granted than the applicant is likely to be able to command the capital to work

These men need help as much as the Manickamas do their consideration of their applications will not be delayed. The proposed warning will be given.

Agree. The present applicant has no capital, so far as we know. A small smaller grant than 300 acres would suffice in his case. The Collector should be told that if further grants are made, they should also be on the conditions laid down in para 5 of G.O. No. 1902 of 1894, No. 732. Rev. in B.P. Pkg. A. The Grants should be safeguarded against selling or leasing the land.
