Mis.No.1507, dated 24th April 1899.

Resolution.

In reporting on certain complaints by importers of Colombo arrack against the system of assessing the liquor to duty, the Collector of Sea Customs, Madras, requested sanction ~~to purchase~~ to purchase a rotary racking pump for warehouse purposes from Messrs Oakes and Co, but, as it is an article of European manufacture, it was included in the indent for Europe Stores for the current year.

2. The price of the pump in England as per tenders ^{is} reported by the Director-General of Stores to be £14-1-6, equivalent at 1s-4d per rupee to Rs.211-2-0, exclusive of freight and other charges, while Messrs Oakes and Co. sell the pump for Rs.152.

3. The Board therefore requests the sanction of Government under Article 98(k) of the Civil Account Code to purchase the pump from Messrs Oakes and Co. as it is more economical to do so and as the Collector wants it urgently.

4. The cost can be met from the provision of Rs.350 for Europe stores for Madras.

Sir,

With reference to the demand in the indent of the Customs Department received with your letter No.5 of 12th January 1899 for a rotary racking pump at an estimated cost of £8, I have the honour to inform you that tenders have been invited with the result that it is found that the price of the pump would be £14. 1. 6.

As this is proportionately much in excess of the indent estimate of cost I propose to await an expression of your wishes in the matter before taking any further steps towards supply.

I have the honour to be, Sir,

Your obedient Servant,

Ernest Smith
Director General of Stores.
